

# The Amazing Son In Law ( Charlie Wade)

## Chapter 2949

In Mai's heart, there are 10,000 people who are unwilling to cooperate with such evil people.

But he didn't dare to offend the other party, so he nodded and said, "That's natural! Both of us have their own strengths. Only when we work together can we learn from each other."

"Yes!" master Felix smiled slightly and said, "In this case, Mr. Mai will find a way to get close to that Zara banks tomorrow. I will send you the address by SMS later."

"Okay." Mai nodded and asked, "I don't know if master Felix has anything else?"

"No." master Felix smiled and said: "On this matter, Mr. Mai has worked so hard to make a trip, also because he is worried that the conversation between us will be heard by others. Please don't mind the old man. "

Mai sneered in his heart, can he still see master Felix's thoughts? This guy is not worried that the conversation will be heard by others at all. He wants to call himself over and use the security guard just now to give himself a slap in the face!

However, he didn't dare to offend master Felix, and said hurriedly, "master Felix is serious, and you are also responsible for Mr. Banks, I understand very well."

After speaking, Mai asked again: "master Felix wants to go back to the city? If you do, I will ask my great-grandson to call a car. We can go back together. If master Felix doesn't want to walk with us, let him give you alone. Call one."

“No need.” master Felix pointed at the corpse on the ground and sneered: “The blood of a dead person is a good thing for me. I can take the opportunity to refine the magic weapon. If I go like this, it is really a waste, Mr. Mai. Go back first.”

Mai chuckled and arched his hands: “If this is the case, the old man will return first.”

master Felix smiled, and said in a sullen voice: “Mr. Mai, you are very much attributable to finding someone, so don’t delay my wealth!”

Mai’s heart tightened, and he hurriedly said, “master Felix, don’t worry, the old man will do his best!”

After all, he said to the pale-faced Mike, “Mike, bid farewell to master Felix.”

Mike recovered and hurriedly bowed and said, “Goodbye master Felix!”

master Felix smiled and nodded slightly.

Mai hurriedly took Mike and walked all the way to the outside of the cemetery.

Walking out hundreds of meters, Mike lowered his voice and said: “Grandpa...”

Mai immediately murmured: “Don’t say anything, go back first!”

Mike closed his mouth wisely.

What he saw and heard just now subverted his understanding of the world for more than 20 years, and made him extremely shocked. At this time, even walking, he felt that his legs were a little weak and unable to exert strength.

At Mai's request, Mike didn't call a taxi right away. The grandfather and grandson walked a long distance together until they reached the road, before reaching out to stop a passing taxi.

As soon as he got in the car, Mike curled up in the seat on one side, as if he had just had a serious illness.

Mai was also very uncomfortable, feeling in his heart: "It seems that this visit to Huaxia Guo is really a mistake... I was thinking about finding opportunities, but ignoring that there are also risks. This Filix year is really too dangerous. Be careful..."

The grandfather and grandson returned to Shangri-La in panic in the car. On the way, the two did not speak any more. After all, the experience just now was a bit too bloody, and they were afraid that they would say sensitive information to be heard by the taxi driver.

After all, the cemetery has people who died today, and they will be known by others tomorrow, and maybe a case will be filed for investigation soon.

Neither grandfather and grandson wanted to involve the police anymore.

However, what they didn't know was that Isaac Cameron's subordinates, as well as the two young descendants of the Elms family, had begun to secretly control them.

At this time, Isaac Cameron's men were waiting in secret at the entrance of the hotel, waiting for the ancestors and grandchildren to return, and then backtracking on their previous deeds.
