

The Amazing Son In Law (Charlie Wade)

Chapter 2973-2975

Felix did observe Mai and Mike secretly.

However, as Charlie speculated, he did not enter the Shangri-La directly, but chose to stare in the dark outside the Shangri-La.

This is mainly due to the fact that Shangri-La is crowded with people and has a very complete monitoring system. If no one is helping, the possibility of completely concealing the monitoring is almost zero.

Felix feels that with his own skill, everyone who enters and exits the hotel can be closely guarded outside Shangri-La. As long as Mai's grandson and grandson leave, he can follow all the way.

Felix did not trust Mai. On the one hand, he was worried that Mai would be passive and slow to help him find the mysterious person. On the other hand, he was also worried that Mai would take credit for himself.

After all, in his opinion, this old fellow Mai is not a fuel-efficient lamp.

So the best solution is to keep an eye on Mai secretly. If this old guy dared to carry some moths on his back, then he would get rid of him first.

However, Felix did not know that at this time Mai had already turned against the water.

After leaving Mike at Shangri-La, Mai left Shangri-La alone and went to Thorns's old house in accordance with Charlie's instructions.

Felix was very puzzled, not knowing why Mike was not with him. But if you want to come to Mike as a young person, it is impossible to have any real skills, so I am not afraid that Mai is playing with him.

So, he drove a rented Volkswagen sedan and followed all the way.

Mai pretended to stay by the Thorne's old house for a long time, then took out the compass and talisman for a while, then he pretended to have gained something, stopped a taxi, and went to the original incident. The Forbidden Mountain Tunnel, and then returned to the city for a while to search, finally returned to the Shangri-La Hotel.

Felix followed all the way, followed Mai to the old house of Thorne's house, went to the Zijinshan Tunnel, and then went around Aurous Hill. He became more certain that this old fellow must have found some clue.

Therefore, after Mai returned to the hotel, he called Mai, and on the phone, pretending to be concerned, he asked, "Mr. Mai, is there any progress?"

Mai was planning to call Felix, but he didn't expect the other party to call the phone first, so he followed Charlie's instructions and said: "Master Felix, the old man ran a lot outside and just returned. Hotel. Your call is coming."

Felix smiled and asked: "Oh, Mr. Mai has gone out. I must have made progress on this matter. I don't know what the result will be?"

Mai said in a convenient way: "Let's tell the truth, things have indeed made a big breakthrough."

Felix hurriedly asked: "What kind of breakthroughs are there and are they accurate enough?"

Mai said with some embarrassment: "Well...master Felix, I'm sorry for the old man to say clearly on the phone..."

Felix said a little displeased: "There is nothing wrong with this. You can tell me the clues directly, and I will find out and kill that person, so that you and I can go back to life like Elder Banks."

Mai chuckled and said, "master Felix, I'll just say something straight. I can tell you the clue, but I personally have a small condition..."

Felix's tone suddenly became cold, and he asked: "Why? Now that you have some clues, you want to negotiate terms with me? Mr. Mai, don't forget, find that mysterious person. This is your business. ! And put that

It's my job to kill the mysterious man. You do your job and want to negotiate terms with me? "

Mai smiled and said: "master Felix, as the saying goes, people are not for themselves, and the heavens are destroyed. I came all the way to China to make some money. After all, I have never done this kind of harm to the world before. Things, maybe the rest of the day will be conscientious, so I have to make more money to make up for myself."

After speaking, Mai said again: "I have been to China with Mike for several days. I have been looking for all kinds of possible clues before, and there is indeed a lot of hard work."

Speaking of which. Mai changed the conversation and said, "But, master Felix, you have just come to Aurous Hill. If I give you the clue today, you might kill that person at night, and then you can pat your butt to take money and leave. In contrast, it is indeed much harder for me to make money than master Felix!"

Felix asked coldly: "Mr. Mai, listening to what you mean, it seems that you want to share some money from me?"

Mai smiled and said, "Oh, master Felix, I don't mean that. I just want to meet you and have a chat. Take a look at how much you take from the banks family alone, and how much we two take from the banks family. "

"Then combined with the time we came to Aurous Hill and the time you came to Aurous Hill, let's calculate a fair and proper amount for the three of us."

"If our grandfather and grandson take too much. Then we will take out the more part to supply you to master Felix."

"But if it's master Felix, you take more, then you have to bother you to supply us with the more."

When Felix heard this, he was suddenly furious.

I thought to myself: "This old thing is really shameless. He wants to count money by head and time with me at this time. Don't the old thing want money?"

However, he did not directly attack on the phone, because he knew very well that it was not difficult to kill Mai's grandson and grandson by himself, but the difficulty is that after killing them by himself, he might not be able to find the person. .

Therefore, I still have to find a way to get the clues out of his mouth!

So he asked in a cold voice: "Mr. Mai, since you want to meet and chat, let's make an appointment for a time and a place."

Mai hurriedly said: "master Felix directly come to Shangri-La. I booked a suite here and the environment is good."

Felix refused: "I hate places like hotels the most. Otherwise, I won't come to Aurous Hill to eat and sleep all the time, or we'd better make an appointment at Phoenix Mountain Cemetery."

"Phoenix Mountain Cemetery?" Mai blurted out: "Your gu worm swallowed the security guard's brain. Now there are rumors that he was eaten by a ghost, causing panic. I'm afraid the relevant departments are also staring there. , Let's meet there again, afraid it's inappropriate, right?"

Felix said indifferently, "To be honest, I slept in Phoenix Mountain last night, not to mention, the scenery here is really good. And there was no interruption. When the police came to investigate the corpse in the morning, I even joined in and watched. Look, now under the panic, the security guards in this place don't dare to be on duty at night. We talk about things here at night and don't have to worry about ears on the wall."

Mai thought for a while, and said with some worry: "master Felix, the Phoenix Mountain Cemetery is really remote, or let's change to a closer place!"

Felix said coldly: "If you give me clues now, then we don't even have to see, but if you want me to take part of the profit from my pocket to you, then I'm sorry, you have to Follow my request!"

When Mai heard this, he said in a smooth way: "Okay! In that case, see you at Phoenix Mountain tonight!"

Felix smiled: "When I am son tonight, I will see or leave."
