

# The Amazing Son In Law ( Charlie Wade)

## Chapter 2976-2978

When Felix hung up the phone, his expression was venomous.

He really didn't expect that an old thing like Mai would dare to negotiate terms with himself.

Just as he was feeling resentful, something suddenly tumbling in his arms, he hurriedly reached in and took out his own natal Gu worm from his arms.

As soon as the white and fat worm came out, it twisted its body vigorously, and it kept squeaking in its mouth, seeming to be a little dissatisfied and protesting.

Felix touched it while comforting: "Don't worry. Don't worry. Don't worry. Don't worry. I know that you didn't eat enough last time. Don't worry, I have prepared two meals for you tonight. I will definitely give you a good meal!"

What's interesting is that the big white worm seems to be able to understand what Felix said.

When Felix said to let him have a good meal, he immediately stopped the dissatisfied protest, and cleverly rolled repeatedly in the palm of Felix's palm.

Felix laughed evilly at this time, and said to himself: "Mai, Mai. Since you are such an old man so ignorant of good and evil, don't blame me Felix for being ruthless! Today next year will be your anniversary. , Tonight, I will use the brains of you and your great-grandson to feed my baby!"

At this moment, Mai hung up the phone, looked at Charlie next to him, and said honestly: "Master Wade, what you asked me to do, I'm done..."

Charlie nodded slightly, and said lightly: "Then you have to work hard for you to go to Phoenix Mountain Cemetery with me at night."

Mai's expression was shocked, and he blurted out, "Master Wade, didn't you say that as long as I arrange an appointment for Felix for you? Why let me go with you now?"

Charlie said: "The area of Phoenix Mountain Cemetery is very large. If you don't show up, Felix will most likely not show up casually. If he notices an abnormality and runs away, he will immediately guess that you betrayed you. Him. Do you think he will let you go?"

Mai's expression immediately became very ugly.

"Charlie was right. Since I have made an appointment with Felix to meet at Phoenix Mountain Cemetery, if anything goes wrong, Felix will immediately suspect that I betrayed him. If he wants to If you ask me to retaliate, I can't do anything with him..."

Thinking of this, he thought again in his heart: "But, if I follow, in case Charlie can't kill Felix. Wouldn't I want to bury Felix with him?! Felix's methods are so harsh, just that. The natal Gu worm is extremely powerful. If Charlie's strength is not good, then in the end both me and him will have to become food for that white worm..."

At this time, Mai was constantly thinking about any possible situation and the corresponding results.

After thinking about it, he still felt that he had to believe in Charlie and hope that Charlie could kill Felix nian.

The reason is also very simple. If Charlie kills Felix nian, he still has a chance to survive; but if Charlie can't kill Felix nian. Then I will definitely die.

Therefore, he could only bite the bullet and promised, "Okay Master Wade...I will go to Phoenix Mountain with you in the evening..."

...

In the evening, Charlie sent Claire home, and ran out of the house on the excuse of something.

At the door of Tomson Yipin. Don Albert drove a taxi and parked on the side of the road.

In front of the taxi at this time, the words stop operating were displayed.

Don Albert had been waiting here for a long time. Seeing Charlie coming out, he hurriedly got out of the car and said respectfully: "Master Wade, you are here."

Charlie nodded, pointed to the taxi and asked him, "Is there nothing wrong with this car?"

Don Albert hurriedly said: "This is a standard operating taxi. The license plates and certificates are real. Don't worry."

Charlie said with satisfaction: "Okay. Good job, give me the car key."

Don Albert dared not delay, and hurriedly handed a key to Charlie's hand. He said: "Master Wade, if you have any questions, please feel free to contact me."

"Good." Charlie nodded slightly. Shaking the car key, he said: "I'm leaving now."

After speaking, he got into the cab of the taxi, started the car, and drove towards Shangri-La.

When Charlie came to the front of Shangri-La, Mai also walked out of the hotel lobby.

When he walked to the door and saw Charlie driving the taxi, he waved to Charlie.

Charlie drove the car up to him, lowered the window, and asked, "Are you going to take a taxi?"

"Yes!" Mai nodded and said, "I'm going to Phoenix Mountain Cemetery."

“Go to Phoenix Mountain?” Charlie pretended to be horrified: “Why do you want to go to such a place in the middle of the night? I can’t go, it’s too bad.”

Mai hurriedly said: “Brother, I have something to go to Phoenix Mountain. If you feel unlucky, can I add money to you?”

Hearing this, Charlie rolled his eyes and asked: “Add money? How much can you add?”

Mai directly took out ten hundred yuan bills, handed them to Charlie’s hand, and said, “One thousand yuan. What do you think?”

Charlie pretended to see eyes open, and he waved happily and said, “Come on, get in the car!”

Mai opened the car door and sat in.

Charlie started quickly, and the vehicle headed towards Phoenix Mountain.

On the way, Mai asked nervously: “Master Wade, did you say that Felix followed him?”

Charlie said indifferently: “Regardless of whether he is following or not, we have to do a full set of the show, otherwise, if there is a disclosure, the other party will disappear without a trace for the first time.”

Mai nodded, and then asked, “After I got to the place for a while, did I go in by myself or did you make other arrangements?”

Charlie said: “Just get in when you get off the car and wait for Felix to contact you.”

Mai asked nervously: “Then what do you do after I get off the car? Do you follow in secret, or just wait outside?”

Charlie said calmly: “Don’t worry, I will follow you in openly when the time comes.”

Mai couldn’t help asking: “Will that make Felix suspicious?”

Charlie said confidently: “No, Felix will definitely find a way to let me in when Felix’s year comes.”

Mai was surprised: “Why are you so sure?”

Charlie sneered: “Because Felix attached great importance to that natal Gu worm, he wanted to feed his natal Gu worm, so he would definitely not let go of a potential food, and once let me go, treat him There is also a bit more risk of exposure, why not just kill me and kill me with two birds with one stone?”

Mai couldn’t help asking: “What if he doesn’t want to have extra troubles and just wants to solve the problem with me? That way, if you don’t drive the taxi away, Felix will definitely have doubts in his heart.”

Charlie waved his hand and said confidently: “Don’t worry, Felix will definitely reluctant to let me go!”
