

The Amazing Son In Law (Charlie Wade)

Chapter 2981-2982

With a bang, Charlie's taxi was knocked out a few meters away. He waited for the car to stop, and got out of the car pretending to be angrily. He shouted at the Volkswagen behind him: "Are you crazy? This broken place at night? Can you rear-end only with my car?!"

The door of the Volkswagen behind was suddenly pushed open, and a man full of sullen body pushed the door and walked down, watching Charlie sneer: "Young man, don't be so angry!"

Charlie questioned angrily: "You knocked me down and made me not so angry?"

Felix smiled gloomily and said: "When a person gets angry, his brain is easily congested. This blood-filled brain is like pork without bloodletting, it's not delicious!"

Charlie yelled: "Damn, are you mentally ill?"

Felix laughed and said, "Boy, it is fortunate for you to fall into my hands today. I will let you experience the taste of the Tianling Cap being drilled open and your brain sucked clean!"

Having said that, he immediately took out the fat and big white gu worm from his arms, and said lovingly: "My dear, you eat this appetizer first, and after eating this, I will let you eat that old man later. of!"

At this time, Mai on the side sternly scolded: "Felix! What do you want to do?!"

Felix looked at Mai and said coldly, "Of course I am going to kill you!"

"But, as long as you honestly tell me the clues you have found, I will give you a good time later, and then let my natal Gu worm eat your brain."

"But if you don't explain it honestly, then I will let it clean your skull bit by bit, and let you experience the feeling of being eaten up by your brain!"

"Trust me, it will make you worse off than death. If you don't believe me, you can see how this kid died later!"

Charlie curled his mouth at this time, and said with a look of disdain: "Damn, where is the silly stupid that popped up, it's okay to raise a disgusting worm, and even run the train with his mother's mouth full of it. Want to eat my brain? Where the hell did you drink last night? How many dishes did you drink so much?"

Felix laughed and said with contempt: "Haha, the ignorant is fearless. My life gu worm kills countless people, and there are many so-called martial arts masters, but those masters are all lambs to be slaughtered in front of it. , There is no power to fight back, let alone an ordinary person like you? You will pay the most painful price for your ignorance immediately!"

Charlie snorted: "You damn old man brags in front of mai. I didn't raise silkworm babies when I was young. Isn't your worm a little bigger than silkworm babies? What's so great?"

"Bastard!" Felix scolded angrily: "You ignorant boy, dare to compare the old man's natal Gu worm with the silkworm baby. I will kill you!"

After that, he shook his hand with one hand and shouted at the natal Gu worm: "Go!"

Immediately afterwards, the natal Gu worm immediately curled up into a bow shape, and then suddenly flicked in the palm of his hand, and his whole body jumped up in the air and came straight to Charlie's Heavenly Spirit Cover!

Charlie could only see clearly that the gu worm that was coming quickly had a mouthpart full of black teeth. The mouthpart seemed to be much sharper than the blade made of stainless steel. He didn't doubt it at all. Something can bite out a big hole in the man's heavenly spirit cover!
