

# The Amazing Son In Law ( Charlie Wade)

## Chapter 2989-2990

As soon as he thought of this, Charlie immediately turned the aura in his body into motion at an extremely fast speed, waiting for him!

Seeing the thunder-thundering order coming straight to him, Charlie was a little surprised while he was vigilant. I don't know why, when Felix's thunder-thunder order came out, there was no abnormality in the sky.

According to Charlie's own experience of using the Thunder Token, once this thing is activated, the dark clouds will be crushed and the sky will roll. But Felix's Thunder Token, but there is no movement at all.

At this moment, the thunder-thundering order exploded in front of Charlie's eyes!

With a bang, a blast of thunder sounded out of thin air, but the movement was a bit of thunder and rain. Charlie only saw a one-meter-long lightning coming in front of him. The energy contained in it even made him shock the thunder. One percent is not as good.

So Charlie didn't take any action at all, letting the one-meter-long lightning strike him.

At this time, Felix wiped a fierce and successful smile at the corner of his mouth.

This kind of one-time thundering order, he got a total of three by chance.

The first two played an extremely important role at critical moments, and now this last one, Felix has been hiding under his body for ten years. It is less than a last resort and is never willing to use it.

But today Charlie is really pressing too much, leaving him no room at all, so he can only use the secret weapon at the bottom of the box.

In his opinion, although his own Sky Thunder Order is not as powerful as real lightning, this kind of instantaneous burst of lightning still has a very powerful lethality for people with flesh and blood.

Although Charlie's strength is very strong, he is after all a human being and not a god, so he believes that Charlie is absolutely no match for this thundering order!

Even if he was lucky enough to survive, he would lose his combat power on the spot. At that time, he would immediately regain control of the zombies, and let the zombies worm his brain drain immediately!

Mai on the side saw the lightning, and he was shocked in a cold sweat!

Although he knew that there were many inscrutable methods in metaphysics, it was the first time he saw someone who could turn a piece of wood into a bolt of lightning!

At this moment, he also felt that Charlie might be too bad for good.

However, at this moment when lightning struck Charlie, an unexpected scene happened!

After the lightning struck Charlie, it was as if it had been absorbed by Charlie in half, and disappeared out of thin air.

But Charlie himself, still standing there motionless, didn't seem to be abnormal.

Not only did he not suffer any harm, but he also wore an undisguised mocking smile at the corner of his mouth.

Felix was stunned!

He trembled in fright, and repeatedly asked: "How is it possible! How is it possible! Why do you seem to be struck by my lightning, so it seems that nothing happened?!"

Charlie spread his hand and sneered sarcastically, "That's because I really didn't have anything!"

Felix seemed to have been stepped on his tail, and shouted: "This is impossible!"

"What's impossible?" Charlie smiled and said: "By the way, I really didn't expect that you also have a thundering order, honestly explain, where did this thundering order come from?"

Felix asked with a horrified face: "You...how did you know that this is a thundering order?!"

Charlie sneered and said, "Of course I know, because I also have one!"
