

The Amazing Son In Law (Charlie Wade)

Chapter 2991-2992

“what did you say?!”

Felix’s eyes widened, his face pale and panic-stricken and asked: “You...you also have a thundering order?!”

Charlie smiled and said: “What? Is it strange? You have it, don’t you allow me to have it?”

Felix blurted out: “But...but the method of making the Thunder Order has long been lost! My Thunder Order was dug out from the tomb of a Ming Dynasty metaphysical master by a school lieutenant back then! Except for my three. Apart from the thunder-thunder order, I have never seen any other thunder-thunder order!”

Charlie smiled and said: “It seems that you are not only bad, but also ignorant. Your thunderbolt is just a defective product in my eyes. How can there be a thunderbolt that can only be used once? It’s enough to use it once, and in the end it can only summon such a small flash of lightning, and it’s not shameful to say it.”

After that, Charlie took out his thundering order from his arms and said with a smile: “Come on, let you see my thundering order!”

Seeing that Charlie also took out a wooden token from his arms, Felix subconsciously said: “What’s the difference between you and mine? Isn’t it also made of lightning wood?”

Charlie said disdainfully: “Would you like to see the difference? Come, I will let you see and see now!”

After that, Charlie waved his hand and raised the thundering order above his head, and shouted: “Thunder!”

As soon as the voice fell, a large black cloud gathered in the sky at an extremely fast speed, and the black cloud also made the sound of rolling thunder, very terrible!

This movement is like a prelude to a storm!

Felix was instantly frightened by this formation, and the whole person trembled violently unconsciously, and murmured: “How is this possible...How is this possible...”

Mai was also frightened. He stood behind Charlie, looking at Charlie’s back, and couldn’t help asking himself: “How can this young man have such a kind of endurance?! Is he an existence higher than a warrior? That kind of person...didn’t that kind of person disappeared as early as the Tang Dynasty in the records?!”

At the same time, Charlie held a thundering order, looked at Felix like an ant, and asked coldly: “Felix, today I will punish you with death, can you be convinced?!”

With the sound of thunder rolling in his ears, Felix was already shocked, standing still and didn't even know how to respond.

Seeing that he didn't speak, Charlie stretched out his hand and pointed at the car that Felix had driven.

With a bang, a blast of thunder fell from the sky, and instantly smashed into the car. The whole car exploded in an instant. All parts of the car were scattered and the fire blazed into the sky!

At this time, Felix was completely stunned, his legs softened, he knelt on the ground with a thump, and then he felt his bladder loosen, and he immediately urinated in his crotch.

Mai's heart thumped and thumped wildly. He remembered what he had done and said before refusing to cooperate with Charlie, and his heart was even more frightened, for fear that Charlie would not forgive himself.

If Charlie really wants to be true to himself, with his strength, he can be wiped out in an instant!

Seeing Felix kneeling on the ground, Charlie was already frightened and asked coldly again: "Felix, I will ask you again, today I will kill you, can you be convinced?!"

Felix's tears and nose run down, and he choked up like a child: "I take it...I take it...I only hope that the master can...can spare me a dog's life. From today onwards, I will swear to the sky and swear to death like a dog in my life Follow the master, the sword, the sea of fire, and you will not hesitate... Please master! Please master!"

Charlie smiled slightly: "Kaien doesn't exist, and I don't need such a person to be my dog."
