

The Amazing Son In Law (Charlie Wade)

Chapter 2993-2994

Having said that, he looked down at the dying Gu worm under his feet, and asked with a sneer, "I wonder if you have ever heard of the allusion of asking you to enter the urn?"

Felix's face was pale.

Asking me to enter the urn, how could he not know?

A torturer who was best at torturing people invented the torture that burned a mouthful of the urn and then hurried away, but he did not expect to be invited into the urn in the end.

To put it bluntly, it is to treat the person's body with his own way.

He was extremely frightened, for fear that Charlie would also open a big hole on the top of his head.

The only thing that is gratifying is that Charlie does not understand the art of raising Gu, nor does he have a natal Gu worm. Otherwise, if the Gu worm is allowed to bite his heavenly spirit cover and eat his brain, then he will suffer as much as ten years before death. The torture of eight hells...

So, he cried and pleaded: "I know I am guilty, so I only ask the master to give me a happy..."

"Give you a good time?" Charlie smiled slightly and said: "You can't ask me about this, you should ask your silkworm baby!"

With that, Charlie stepped on the dying Gu worm with his toes.

Felix felt a panic in his heart, but soon felt that Charlie must be frightening himself, that his natal Gu worm would be loyal to him and be completely controlled by him to death, and it is absolutely impossible to turn his head back to bite him.

However, just when he thought so in his heart, Charlie suddenly punched a spirit energy into the Gu worm.

Immediately afterwards, I saw that the dying Gu worm that had been trampled by Charlie, suddenly seemed to have been beaten with chicken blood, and suddenly recovered to the most obese and most mental state.

Afterwards, Charlie kicked the Gu worm towards Felix, and yelled in a cold voice: "Take him to me!"

The Gu worm volleyed towards the Felix, his mouthparts that were as hard as iron opened.

Felix was shocked, and hurriedly slapped a handprint in the void, shouting at the Gu worm: "Baby, come back soon!"

Felix felt that he and this Gu worm had been dependent on life and death for decades, and it was impossible for this Gu worm to deal with him in turn.

Therefore, he wanted to quickly take back the natal Gu worm that had quickly recovered his vitality, and then continue to use it to fight Charlie desperately.

Anyway, the current situation is like a beast fight. If he wants to survive, he can only work hard with Charlie, and there is no other choice!

But what he didn't expect was that the handprint of the summoning passed, the natal Gu worm seemed to have not received it at all, and it flew to the top of his head in the blink of an eye.

He felt the white and fat body of the natal Gu worm landed on top of his head, and subconsciously stretched out his hands, trying to drive the natal Gu worm away from his head subconsciously.

However, just reaching the top of the head with both hands, I felt a sharp pain, accompanied by a crisp click.

His right hand was actually bitten off from the wrist by the natal Gu worm!

Seeing his right hand falling to his feet like a free fall from the top of his head, Felix suddenly collapsed and shouted in pain, "Ah! My hand!"

But as soon as the voice fell, another click came!

The natal Gu worm made another city in an instant, and directly bit off his left wrist!

The bloody left hand fell from the top of the head, hit the right hand, and was immediately bounced away!

Felix looked at the two bloody, bare arms, and shouted in despair: "Don't... don't kill me... don't kill me!"

As soon as the voice fell, he felt a sudden burst of extreme pain on his head!

Immediately afterwards, his whole nerves became extremely sensitive, and he could even feel another cold wind, which was blown directly into his brain!
