

The Amazing Son In Law (Charlie Wade)

Chapter 2995-2996

The cold wind poured caused Felix to shiver violently.

What followed was a feeling that was ten thousand times more painful

This is because the venom released by the natal Gu worm is really terrifying, making his pain nerves a hundred times more acute than before.

Not to mention that the natal Gu worm bit a big hole in the top of the head, even if someone now takes an embroidery needle and pierces him casually, it is almost equivalent to a thousand arrows piercing the heart.

The extremely severe pain caused Felix to faint for a while, but when he was irritated for a while, he woke up in an instant, and the whole person was in terrible pain.

And at this moment, the natal Gu worm had opened its dark mouthparts and plunged into Felix's head to feast on.

Felix immediately died in extreme pain.

His skin color began to grow black and blue quickly at a speed visible to the naked eye.

At the same time, blood was gushing out of his seven orifices.

His corpse knelt in place, motionless, his expression was extremely miserable, as if he was kneeling in repentance for the innocent person who died in his hands.

Seeing that he was already dead, Charlie snorted coldly, and said, "It's more than guilty to be so evil!"

At this time, Mai on the side said flatly, "Master Wade, his natal Gu worm, since you can manipulate it, you must subdue it. It will be of great use in the future!"

Charlie snorted coldly, "What use do I want this bug that eats human brains?"

Mai hurriedly said: "Young Master Wade doesn't know that this natal Gu worm is a baby that has been raised in Felix for at least 20 to 30 years. This thing has lived for 20 to 30 years and has been omnipotent. It can be regarded as a magic weapon that Felix has cultivated in half his life!"

Charlie sneered and said, "If I leave this ghost thing, do I have to feed it to eat human brains?"

Suddenly, Mai was speechless, and he hesitated for a while, before he said: "I just think that killing the Gu worm like this is indeed a loss..."

Charlie said disdainfully: "I Charlie hasn't fallen to the point where I need to rely on this kind of thing!"

As he said, he held a thundering warning in his hand and yelled: "Thunder!"

Immediately afterwards, another sky thunder descended, and instantly smashed the sky spirit cover of Felix.

In an instant, Felix, together with his natal Gu worm, were all smashed into powder by lightning!

A gust of wind blew, and the powder that Felix turned into disappeared into ashes and completely dissipated in the air.

Mai stared at all this in a daze, and sighed in his heart: "Today, I really witnessed a miracle... This Master Wade is indeed a man with great supernatural powers! No wonder he has a way to make Orion Exeor twenty years younger. ! There is such a great supernatural power that can summon the sky thunder, and it is rejuvenating, so what is it?"

Charlie looked at Mai at this time, and said lightly: "You helped me capture Felix, but you were sleek and self-interested. In addition, you helped my enemy come to Aurous Hill to find my whereabouts. Although you have merit, it's not enough to offset all the faults, so from now on, I will put you and Mike under house arrest in Aurous Hill, and I will let you go after I solve Lord Banks."

Mai's expression was very bitter, but he also knew in his heart that it was useless to beg Charlie for mercy, and it was useless to show loyalty to Charlie.

This was because Charlie had already had a scale in his heart, and as a result, he had already determined that he would never change his own decision because of others' begging for mercy or obedience.

The Felix just now is the best example.

Therefore, the best choice for me right now is to be obedient and let Charlie go.

Although house arrest is painful, at least it can save his life.

If he cooperates with Charlie well in the future, he may still have the opportunity to make up for his merits.

So, he bowed his body and said respectfully: "The old man has no objection to the decision of Master Wade, and everything is decided by Master Wade..."

Charlie nodded in satisfaction, and said: "If this is the case, then let me go back."

Mai quickly agreed, but when he raised his head and stood up, he suddenly let out an exclamation.
