

# The Amazing Son In Law ( Charlie Wade)

## Chapter 2999-3000

Charlie collected the ambergris, and when he looked at Mai, he also felt that this bad old man was more pleasing to the eye than just now.

So he opened his mouth and said: "From tonight, you and Mike will be staying at Shangri-La. I will let someone arrange a room for you and provide you with three hearty meals and other daily necessities every day, but the only price is That is, you cannot contact the outside world for the time being, let alone leave Shangri-La without authorization."

After speaking, Charlie added: "This is also the best solution I can give you. Believe me, Shangri-La is much more comfortable than a kennel."

How dare Mai be dissatisfied, he can only honestly bow and say: "Everything must follow the instructions of Master Wade..."

Charlie nodded and called Isaac Cameron. Ten minutes later, Isaac Cameron came all the way by helicopter.

Isaac Cameron left the two younger brothers to solve the taxi that Charlie drove, and then left Phoenix Mountain with Charlie and Mai.

After sending Charlie back to Tomson First Grade, Isaac Cameron took Mai back to Shangri-La, found a room in the closed administrative area, and arranged both him and Mike in.

At the same time, their mobile phones were also confiscated, and the room phone was cut off, completely cutting off contact with the outside world.

After Charlie returned home, he stored Ambergris in the underground storage room of Tomson Yipin Villa. After all the other medicinal materials were available, he could take time to start refining Pei Yuan Dan.

Early the next morning, there was another rumor in Aurous Hill.

It is said that last night, a sudden lightning hit the Phoenix Mountain Cemetery. Some people say with certainty that the lightning struck a car, and the driver of the car was chopped into fly ash.

It was also said that the thunder and lightning last night was caused by the horrendous ghost who killed people before.

Some people even said that Huang Taixian was in the Phoenix Mountain Cemetery last night.

Anyway, all sorts of pretentious remarks emerge in endlessly.

However, Charlie didn't pay attention to these anymore.

He thought that he had made an appointment with Ziva Hank to meet at the Emgrand Group, so he sent Claire to the construction site of the Emgrand Hotel early and drove to the Emgrand Group by himself.

Doris Young has been waiting here long ago.

Ziva Hank was the first to rush to the Emgrand Group, and after showing his identity, he was immediately invited to Doris Young's office.

Doris Young did not know Ziva Hank, but she also knew that she was the right-hand man invited by Charlie, and she was also the only daughter of Professor Hank from Aurous Hill University of Finance and Economics.

Therefore, as soon as she saw Ziva Hank, she showed great enthusiasm.

After all, the two of them will do things for Charlie in the future, even though they have no distinction between superiors and superiors, and they are there. In the future, they will be responsible for their own business, but Doris Young still hopes to build a good relationship with her and strive to be Charlie's right-hand man with her.

Although Ziva Hank graduated from a top university in the world, he still has insufficient practical experience. Seeing Doris Young, a strong woman who relies on her own strength and has become the owner of a 100 billion market value enterprise step by step, she also has full respect, and she is I didn't expect Doris Young to be so young.

Doris Young was also surprised by Ziva Hank's youth and beauty. After enthusiastically invited her into the office, she smiled and asked her: "When did Miss Hank return to China?"

Ziva Hank hurriedly said, "I just came back a few days ago."

Doris Young asked curiously: "Miss Ziva has been in America before?"

"Yes." Ziva Hank nodded and explained: "I was born and raised in the United States, so I live in the United States most of the time."

Doris Young asked again: "Does it feel accustomed to Aurous Hill?"

"Very good." Ziva Hank said with a smile: "In fact, I feel much better at home than in the United States. One is that I have a more sense of belonging. Another very important reason is that I feel safe at home."
