

# The Amazing Son In Law ( Charlie Wade)

## Chapter 3015-3016

For Master Hett, who is also a warrior, after hearing that Lord Elms (Wilfred) became a four-star warrior, he was very fascinated in his heart.

However, there are countless difficulties and hardships along the way of martial arts, and it is impossible for ordinary people to make any major achievements.

If you want to become a two-star warrior, you need extremely high talents and huge resources.

As for the three-star warriors, there are only a few sporadic ones.

As for the four-star warrior, only Lord Elms (Wilfred) is known so far.

So Master Hett was very clear in his heart. Lord Elms (Wilfred) must have encountered some great opportunity.

The greatest possibility is to find a better inner boxing method.

Therefore, he is also very much looking forward to it.

But he is also very clear. Not to mention the better inner boxing method, even if it is an incomplete mind method, it is also the secret of many families, and it is impossible for one to spy on it.

But right now there was a good opportunity. Elder Banks found the Gu Master Felix, although his strength was not strong. But the first-hand Gu technique has already played superbly, completely killing people invisible.

It is precisely because of this that he asked the old man Banks to ask Felix to find a way to ask Lord Elms (Wilfred) about his cultivation method.

Lord Banks said with some worry at this time: "I don't know now, Felix's Gu technique can kill a four-star martial artist. After all, the strength of the four-star martial artist is unfathomable. Maybe Felix really isn't. opponent."

Master Hett hurriedly said: "Master, you don't know anything about Gu art. In the eyes of us martial artists, it is just like a submachine gun. It belongs to the kind that does not speak martial arts at all. No matter how strong martial arts masters are, they can't help but submachine guns. A shuttle bullet at close range, the Gu worm in Felix, really used, the power is not under the submachine gun!"

"Oh?" Lord Banks said in surprise: "According to you. Felix really has a chance to get Lord Elms (Wilfred)'s cultivation method. At that time, can my Banks Family also use this set of cultivation methods to establish sects and directly create A martial arts sect?"

Master Hett excitedly said: "It's totally possible!"

As he said, he continued excitedly: "Nowadays the martial arts family is imprisoned by blood, and their own cultivation methods will never be passed on to outsiders. This also limits the maximum scale that a martial arts family can achieve. "

"Moreover, there are many scattered martial arts practitioners. I hope to get a sophisticated practice method to improve my strength. If the Banks Family has a better practice method, it can be used to attract disciples. Dare pack tickets, but it is very easy to accept thousands of disciples."

Lord Banks smiled and nodded, and said seriously: "When the time comes, you will take care of this sect. By then, all the disciples will be your disciples and grandchildren. As for me, there is only one request, and that is this sect. Must serve for my Banks Family from generation to generation."

Hearing this, Master Hett immediately backed up two steps, knelt on one knee, and solemnly promised: "You can rest assured, you will be determined to be allegiance to the Banks Family. If there is a chance in the future to establish a sect on behalf of the Banks Family, he will definitely do so. These five characters of the Banks Family are the sole purpose of the entire sect!"

Lord Banks was very satisfied with his statement.

This time, half of the family hired for the price of blood loss has always made him feel very upset.

Therefore, he also desires to have a power that truly belongs to him.

In that case, not only can the cost be greatly saved, but also there is no need to be controlled by others.
