

The Amazing Son In Law (Charlie Wade)

Chapter 3017-3018

Thinking of this, he picked up the phone and said with a smile: "I will call Felix now. If he can get Lord Elms (Wilfred)'s practice method, then I will add another 50 million to him."

After all, he immediately beat Felix.

but. The prompt on the other end of the phone is: "Sorry, the user you are calling is not in the service area, please try again later!"

Lord Banks couldn't help frowning. He opened his mouth and said, "In this Felix, I was too uncomfortable on weekdays. In the past few days when I went to Aurous Hill, it was said that I had rested in the cemetery every day, and I couldn't get through the phone."

Master Hett echoed from the side: "Master, this kind of people are generally withdrawn, and the natal Gu worm in Felix is said to live by eating human brains. It is very evil. It is estimated that living in the environment of the cemetery can be healthier. Maybe."

As he was talking, the butler Banks (Butler) ran over panting, and said nervously, "Master. It's not good!"

Lord Banks couldn't help asking: "What happened? It's such a fuss."

Banks (Butler) handed the phone to Lord Banks and said, "Master, look at this missing person notice!"

Lord Banks glanced at it. There was Felix's photo and name on the missing person notice. After he saw the contents, his eyes suddenly went dark.

Banks (Butler) hurriedly stepped forward to support him. The pinch made him slow down a little bit.

Lord Banks said with a trembling voice, "Felix has also disappeared?!"

"Yes..." Banks (Butler) said with a very gloomy expression: "The police found that the car he rented had been damaged by lightning, but he was nowhere to be seen. Now the police are collecting clues everywhere!"

Master Hett, who was on the side, felt a little in his heart, and hurriedly leaned forward to take a closer look, and his heart was instantly cold.

"I just hoped that Felix could get rid of Lord Elms (Wilfred) and get Lord Elms (Wilfred)'s practice method, but before the dream was finished, Felix disappeared in Aurous Hill?!"

Lord Banks was already a little bit unbearable at this time, and he muttered to the utmost decadence: "Aurous Hill is still a city...it's a black hole! Even Felix can fold in, what is hidden in it... "

While helping him follow his back, Banks (Butler) said with concern: "Master, don't worry about getting angry. Now Felix just can't get in touch. We don't know what the specific situation is. We should wait for a more accurate one. News, what do you say?"

Lord Banks waved his hand and said dejectedly: "It doesn't make sense to wait any longer. We have been expecting miracles since Zayne, but now there is no clue. Then, Zayne disappeared like the world has evaporated, now we change. It became the year of Felix...the one I sent to Aurous Hill, now only Mai is left!"

Banks butler hurriedly said: "Master, why don't you call Mai and ask him to do some calculations to see what is going on? He is an old man with no offensive power, and he is very cautious in his work. He can't happen to anyone who has an accident."

"Yes." Lord Banks nodded immediately, and said: "Mai has never wanted to cause trouble. He always hopes to avoid all risks. With his style of behavior, he will definitely not encounter any danger."

With that, he continued to call Mai with a trembling hand.

But what he didn't expect was that on the other end of the phone, the system prompt sounded:

"Sorry, the phone you dialed has been turned off, please call again later..."
