

# The Amazing Son In Law ( Charlie Wade)

## Chapter 3058

Immediately afterwards, the helicopter descended and threw these people into the deepest valley along with the food and water prepared for them.

Richmond and the others officially started the wilderness survival that Charlie arranged for them.

At the same time, Rishab, who is currently one of the most popular male singers in China, has been unable to get through the phone calls of several of his subordinates, and is anxious as an ant on a hot pot.

He couldn't get in touch with his staff, and he immediately realized that he must have been cleaned up by the people at Shangri-La, or they might have detained them.

The detention of these people is not a big deal for him, but his performance after the day after tomorrow is the most important thing.

As for the matters related to his performance, Richmond is in the process of matching everything from his itinerary, accommodation, and performance. If Richmond disappears at this time, then he will arrive in Aurous Hill. It could be a black eye.

This time Stefanie Sun's concert tour, after he asked his father to plead, his father saved his face to beg Orrin Sun, so Stefanie Sun nodded and agreed.

This time he not only wants to take advantage of Stefanie Sun's popularity to raise his traffic and influence to another level, but also hopes to show more performance in front of Stefanie Sun through the cooperation of this concert tour.

He has a crush on Stefanie Sun for many years, and dreams of wanting to marry Stefanie Sun home as his wife. Moreover, the Sun family is now getting stronger and stronger. After Orrin Sun has recovered from a serious illness, the influence of the Sun family is also growing. With Stefanie Sun, I can really fight for decades less.

Although the strength of the Zhong family is also very good, it is still a bit worse than that of the Sun family.

What's more troublesome is that the grandfather of Zhong's family, that is, Rishab's grandfather, came back from Nanyang and was not a Chinese citizen. He was so romantic all his life. Just his wife and his wife married four rooms, plus the original match. Five wives.

Five wives gave him 21 children. Rishab's father is just one of these 21 people. Even if he has been favored, the real estate that he can control is still diluted a lot, and he has nothing to do with Stefanie Sun. Fabi, after all, Stefanie Sun's father, Orrin Sun, holds half of the Sun family's assets, and this half of the assets will undoubtedly belong to Stefanie Sun in the future.

Therefore, Rishab is also looking forward to catching Stefanie Sun.

It can even be said that Rishab has long regarded Stefanie Sun as the end of his life goal. As long as he can marry Stefanie Sun, he will no longer have to struggle in his life.

Based on these reasons, what he is most afraid of now is any flaws in the concert.

Right now Richmond has completely lost contact. The only thing he can do is to rush to Aurous Hill himself and put all the work before the concert in place.

Moreover, he had to find that Isaac Cameron to vent his anger.

After all, when did the young master of the Zhong family let a subordinate insult wantonly?

In this place, he said he had to find everything!

Rishab, known as the "top-tier young male singer", didn't care about lunch, so he hurriedly took a few assistants and bodyguards to the airport.

He wants to fly to Aurous Hill as soon as possible, and he can't delay any longer.

Unfortunately, he is now in Aurous Hill, basically no one is available.

Because he had arranged several people in advance to fight in Aurous Hill this time, all of them could not be contacted without exception.

So now he needs to go to Aurous Hill in advance, but there is not even a local person who can pick up the plane in Aurous Hill.

Although the Zhong family's business is quite large, almost all of their business is concentrated in North China. Aurous Hill has nothing to do with it, and there is no branch or office here. So after arriving in Aurous Hill, he will talk to foreign tourists for the first time. Like coming to Aurous Hill, my eyes were blackened.

On the way, Rishab's life assistant, a young girl in her twenties couldn't help but ask him: "Master, we went so hastily this time, so we won't be able to use the airport pick-up ceremony arranged before..."

The current entertainment industry pays attention to traffic in everything.

If the celebrity goes out, if there is no fan to pick up the plane, it will definitely be regarded as a dead thread.
