

The Amazing Son In Law (Charlie Wade)

Chapter 3066

Although Charlie has never met Rishab, he has no good feelings for Rishab because of Richmond and the presidential suite.

What's more, this guy still wants to pursue Stefanie Sun, which makes him even more unhappy.

Thinking of Rishab's harsh words to Isaac Cameron on the phone earlier, Charlie planned to make the best of his landlord friendship and let Rishab feel the enthusiasm of the people of Aurous Hill from the moment he got off the plane.

Don't you want to hire female fans to pick up the plane? Then I will arrange a little surprise for you.

At this time, Wandy on the other end of the phone asked curiously: "Brother-in-law, do you know that Rishab?"

Charlie said, "I don't know, but I should know each other soon."

Finished. Charlie said: "By the way, Wandy, I still have something to deal with, let's talk later."

When Wandy heard this, although she didn't want to hang up, she was too embarrassed to entangle her, and said hurriedly: "Good brother-in-law. You go ahead and I have to organize a pick-up for a while."

Charlie hung up the phone and immediately said to Isaac Cameron: "isaac, call Don Albert to come over."

Isaac Cameron nodded and hurriedly called Don Albert first, and then said to Charlie: "Master, I have finished with Don Albert. He will be here right away and will be there in a minute."

"Okay." Charlie smiled slightly, and said: "You have something to do at the airport. Let them pay attention to whether there is a private plane from Eastcliff landing in Aurous Hill this afternoon. If so, ask about the landing time and the place after landing. Pick up arrangements."

Isaac Cameron asked curiously: "Master, what are you going to do?"

Charlie smiled and said: "Rishab is coming to Aurous Hill, I will prepare a surprise for him."

Soon, Isaac Cameron received a message from the airport.

There is a private jet that has applied for a route permit to fly from Eastcliff to Aurous Hill in 20 minutes, and the plane will land in Aurous Hill in two hours. After the plane landed, it was

parked in the hangar. Aurous Hill Airport has arranged a VIP pick-up and drop-off vehicle in the airport. After the plane has stopped, it will pick up people as soon as possible.

Isaac Cameron explained to Charlie: "Master, generally speaking, private jets can be arranged to take the business jet terminal to the airport, and they use the VIP channel. The business jet terminal is generally a separate building, and There will be a certain distance from the main terminal. Passengers of private jets will basically not be with ordinary passengers when entering or leaving the airport. However, Rishab specifically asked the airport not to send him to the business jet terminal. Building, but to the main terminal building, I don't know what the intention is."

Charlie listened and said with a smile: "His intention is very simple. The official terminal is so small and the entry and exit audits are so strict. If you leave the airport directly from there, you won't be able to enjoy the ritual sense of the fans picking up the plane. Yet?"

Talking. Charlie said again: "I heard just now that he hired three hundred courtesy ladies to pick up the plane by posing as fans at the airport. The main terminal building is big and there are many people. Then the battle will be bigger, maybe It's a hot search."

"That's it." Isaac Cameron nodded gently. He smiled and said: "These people in the entertainment industry are too fake, even fans spend money to buy it, no wonder people say that Rishab, the star, is losing money. It turns out that all the glamour is in exchange for money."

Charlie smiled and said: "Since Rishab attaches so much importance to pomp, then I will arrange for him an extraordinary fan pick-up show today!"

Isaac Cameron asked hurriedly, "Master, what are your plans?"

Charlie snorted: "When Don Albert arrives, I will tell you together."

...

Ten minutes later, Don Albert hurried over.

As soon as he entered Isaac Cameron's office, he couldn't wait to ask: "Master wade. What do you want to tell me?"

Charlie smiled slightly and said, "There is something, I want you to work with Isaac Cameron to do it for me."

Don Albert said hurriedly, "Master Wade, please give your orders!"

Charlie said: "Don Albert. You have many students, so now you can mobilize a group of people for me."
