

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3078-3079

Hearing that Charlie was going to break his legs and let himself crawl to meet Eastcliff, Rishab was full of excitement.

He has been in the second-generation circle of Eastcliff for more than 20 years. Based on his understanding of this circle, the people in this circle, although arrogant and ruthless, are basically dealing with outsiders. Only when it comes to insiders, most people tend to converge a little.

For example, he himself has bullied others and interrupted other people's legs for so many years. He has done it more than once, but it was aimed at some poor people whose backgrounds are far less powerful than him. Really want to change it to this circle. Yes, everyone will save some face to the other party.

After all, everyone is rich and powerful, and business will overlap every three to five, so we all know that we must stay in line with each other in everything.

This has long been an unspoken rule for everyone in the second-generation circle.

But Rishab found that Charlie in front of him didn't seem to care about this established rule.

So, he blurted out: "Charlie, if you really interrupt my legs, my family will not let go, and you will be rejected and isolated by everyone in the circle, or I will give it to you. If you kowtow to admit your mistakes and pay you a little bit more, you can let me go!"

Charlie said blankly: "I have told you about the two choices. Now you choose one by yourself. Within minutes, if you haven't told me, your final choice will be in the first two years. It becomes three years, and the second option remains the same."

Seeing that Charlie's oil and salt were not entering, Rishab hurriedly yelled into the phone: "Auntie , you can help me say something nice, Auntie ..."

Cynthia Wade sighed and said, "Rishab, my aunt advises you to choose the first one as soon as possible. If you drag on, it will change from two years to three years. I'm afraid you can't stand it..."

After speaking, Cynthia Wade added: "You can't choose the second one if you say anything. Don't think Charlie is just talking about him. If he says that he's the same, he will definitely not change his mind if he asks you to climb back. The family's, because he offended Charlie, he went to Aurous Hill from Eastcliff on a bicycle and lived in the dirtiest and worst shanty town of Aurous Hill. Life was not as good as a beggar..."

Since being educated by Charlie, Cynthia Wade has been investigating Charlie's actions secretly. The more investigations, the more she fears Charlie. Therefore, as a person who came by, she immediately helped Rishab do the best. select.

In her opinion, the best situation for Rishab right now is to quickly agree to the first choice Charlie gave him, otherwise, the following conditions will only get worse and worse.

When Rishab heard Cynthia Wade talk about Sam, he was shocked to speak.

He and Sam have a pretty good relationship. The two have never been together before. Then one day, Sam suddenly became neurotic, wearing a green helmet and riding a two-eight bar and left Eastcliff. , Everyone in the circle said that there was a problem with his brain, but he didn't expect that it was also a gift from Charlie...

This made him feel a little more jealous of Charlie in his heart.

However, if he really wants to choose to be a seaman for two years, he will never be reconciled.

After all, for a rich second generation like him, a life of spending time and wine every day is a paradise on earth, but once you get on a boat and become a seaman, what you have to face every day is the vast sea. What kind of boring life?

And Charlie also prevented him from disembarking for two years. What's the difference between this and imprisonment?

Just when he didn't know what to do, Charlie reminded him: "It will be a minute soon!"

Rishab suddenly panicked.

He doesn't know whether he should choose the first one. After all, he is not willing to be played by Charlie like this. He also hopes that his father can rescue himself after learning about it. go with.

Just when he was hesitant, Cynthia Wade on the other end of the phone said anxiously: "Rishab, first take the best conditions in his hands and talk about it! Otherwise, if there is no room for mediation, then you will not at least not Extend the loss!"

This sentence of Cynthia Wade awakened Rishab in an instant.

Cynthia Wade is right. Even if he still hopes to have the opportunity to mediate, he should first grasp the best conditions now, otherwise two years will be three years, and when he has to accept it, it will be a loss of one year in vain. time!

Thinking of this, he hurriedly said to Charlie: "I choose the first one!"

Charlie nodded and said with a smile: "But one minute has passed. Now the first option is to go to sea as a seaman for three years. During these three years, you are not allowed to disembark."

Rishab suddenly weakened his legs and cried and said, "Charlie, I beg you to stop playing with me. I choose the first one. Isn't it enough for two years?"

Charlie said helplessly: "Sorry, the rules of the game cannot be broken. Now the first choice is three years. I will give you one more minute. After you consider it carefully, tell me whether you want to accept it, but I am ugly. In the front, if you
