

The Amazing Son In Law (Charlie Wade)

Chapter 3082-3083

Just when he was excited by seeing hope and finding warmth in his heart, Stefanie Sun said, "Charlie, I want you to help me detain him for a few more days. It is best to deduct until the end of my concert. I really don't want him to be my concert guest at all! If he can't come, then I'm really thankful!"

When Rishab heard this, the fire of hope that just gushed out from deep in his heart was completely extinguished in an instant!

He never dreamed that the reversal of this matter would be so big!

He never dreamed that Stefanie Sun could let Charlie spare herself with a single word, but she actually wanted Charlie to shut herself for a few more days!

"Couldn't she just look down on me like this?!"

"Could it be that she doesn't want me to appear in her concert so much?!"

Charlie heard Stefanie Sun's request and said with a little embarrassment: "Stefanie, I forgot to tell you that Rishab is right in front of me."

With that, he switched the camera and took Rishab, who was kneeling on the ground, into it.

Stefanie Sun was really surprised when she saw Rishab, before she said: "Rishab, since you are here, then I will open the skylight to speak up. This concert in Aurous Hill was specially prepared for Charlie!. It was Charlie's birthday on the day of the concert. I don't allow any flaws in this concert, so I can't accept your presence at my concert. You found various relationships before, which made it difficult for me to speak very well. Understand, now that I have said it, then I will not hide it, I am really embarrassed.

Rishab suddenly broke down and muttered to himself: "It turns out I am a f*cking'flaw' in Stefanie Sun's eyes!"

So he couldn't help asking: "Why...why is this?"

Stefanie Sun said without hesitation: "Because Charlie is the fiancé I have identified since I was a child, and this is the first time for me to perform in front of him on his birthday, in the city where he lives. It is very important to me. , So I can't let you on stage."

Speaking of this, she said apologetically: "However, for concerts in other cities, I will still abide by the agreement, and I will not stop you from appearing on stage."

Rishab realized what a stupid mistake he had made.

Stefanie Sun had chosen her unmarried wife for a long time, and she even took the initiative to run so far to perform for her fiancé, but he ran over to pursue her like a fool, but ended up in jealousy because of offending her fiancé.

“This... isn’t this f*cking a joke?!”

Thinking of this, Rishab was emotionally out of control and cried and shouted: “You don’t want me to participate, why the hell didn’t you say it earlier! If you said the f*ck earlier, would I still come to Aurous Hill this ghost place? If I don’t come to Aurous Hill Will I still suffer so many crimes in this ghost place?! You f*cking killed me!”

Charlie immediately scolded: “Who allowed you to talk to in this tone? I’ll give you a chance to repeat it. There is one more word that I don’t want to hear. It will be changed from three years to four years!”

Rishab shuddered immediately, and immediately put away the angry attitude just now, and said with an urn voice: “Stefanie...I was too impulsive just now, I...I didn’t mean anything else, I’m sorry!”

Stefanie Sun said earnestly: “I’m sorry Rishab, I actually rejected you long ago, but you have found so many relationships everywhere, and it makes me really difficult to refuse, so I can only reluctantly agree temporarily, but I promised. When you are, you have already planned in your heart. When the concert starts, I will tell all the audience directly and publicly at the concert that you can’t be there because of a temporary accident, and then let the on-site security guards stop you and not let you. Going on stage, this is also a helpless move for me, sorry.”

Rishab finally realized at this moment that he originally thought he had the opportunity to pursue Stefanie Sun, but he didn’t expect that he was just a self-conscious licking dog.

Moreover, the licking dog did not lick his beloved woman, but blindly licked an iron railing of minus 40 degrees, destined to be torn off by this iron railing.

This is really nothing to the last lick...

At this point, Rishab was emotionally broken, and started crying bitterly on the ground.

Charlie switched the camera back and said to Stefanie Sun: “don’t worry, this product will not appear at any of your concerts.”

Stefanie Sun nodded, and said unbearably: “Charlie, don’t embarrass him too much, this is indeed inappropriate for me.”

Charlie waved his hand: “There is nothing inappropriate about what you did. It was that he himself was shameless and stalked you, and what you just said was just your plan. You didn’t actually implement it. There is no need to feel any guilt for him!”
