

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3084

Cynthia Wade, who was far away in Eastcliff, had been silently listening to the movement on the phone. The more he listened, the more he felt sorry for Rishab.

Cynthia Wade couldn't understand why Rishab failed so much. After all, all he did was to pursue Stefanie Sun, but in the end he was disgusted by Stefanie Sun to this point.

It would be fine if only Stefanie Sun was disgusted, but because Stefanie Sun offended Charlie, it was really too much of a gain.

Cynthia Wade didn't know how to explain to Mukesh (Rishab's Father) at this time. He was still waiting for himself to rescue his son, but his son was directly detained by his nephew. He wanted to see him at least three years later.

Just when Cynthia Wade was worried, his cell phone suddenly prompted that Mukesh (Rishab's Father)'s call came in.

In desperation, she could only hang up Rishab's phone and connected to the call with Mukesh (Rishab's Father).

As soon as the call was made, Mukesh (Rishab's Father) asked impatiently: "Cynthia, how are you asking? Is Rishab Tianyu kidnapped by your Wade family?"

Cynthia Wade said helplessly: "Rishab called me just now. He is indeed in Shangri-La now."

Mukesh (Rishab's Father) hurriedly asked: "What the hell is going on? Was your Wade Family's servant over there who kidnapped him on his own initiative?"

Cynthia Wade coughed awkwardly, and said, "That... the person who kidnapped him was not a servant of the Wade Family, but my nephew."

"Your nephew?!" Mukesh (Rishab's Father) said stupefiedly: "How could Rishab have a conflict with your nephew? Is it Jon or Brenden?"

"Neither." Cynthia Wade whispered: "It's Charlie!"

"Charlie?!" Mukesh (Rishab's Father) was even more puzzled, and blurted out: "Why didn't I know you still have a nephew named Charlie? I have never heard of it."

Cynthia Wade sighed, "Charlie is the son of my second brother Bruce."

Mukesh (Rishab's Father) exclaimed: "Bruce's son?! Isn't he missing a long time ago?!"

Cynthia Wade said: "I haven't told you about this. Charlie just found it some time ago, and there are many things you don't know about it. That's just a long story."

Mukesh (Rishab's Father) said anxiously: "I don't want to know what is hidden in your family. I just want to know, why did Charlie tie up my son? Did my son have a feast with him?"

Cynthia Wade said: "As far as I know, the two people should have choked on the phone. My nephew happened to be in Aurous Hill, so Rishab was taken away by his people when he got off the plane."

Mukesh (Rishab's Father) said dejectedly: "Your nephew is too awkward to do things. People in the circle bow their heads and look up. Is it necessary to make it so ugly? Rishab was taken away by him, so the airport pick-up matter Er, he must have planned it secretly? By him, Rishab will not be so messed up in the entertainment circle in the future. When Rishab comes back, how should I settle this account with him?"

"How..." Cynthia Wade muttered and said, the situation of this matter is more complicated than you think. Rishab won't be able to come back for a while."

"What do you mean?!" Mukesh (Rishab's Father) immediately asked angrily: "Isn't your nephew ready to let go after such a big deal?"

"Yes." Cynthia Wade said helplessly: "You have to try your best to persuade him, but it's useless. He doesn't put You as a aunt in his eyes at all."

Mukesh (Rishab's Father) gritted his teeth and asked: "Then how can he release people?"

Cynthia Wade hesitated for a moment, and said in embarrassment: "Charlie said that he wants Rishab to be a seaman on his ship for three years. For these three years, Rishab cannot leave the ship, let alone go to the ground, and will be able to regain her freedom after three years."

"Grass!" Mukesh (Rishab's Father) immediately roared in anger: "What the hell is an international joke?! Ask my son to be a seaman for him for three years. What does he think he is?! If he doesn't put my son back today, I absolutely want him to look good!"

Cynthia Wade persuaded: listen to my persuasion, Charlie is not something you can afford, even I can't provoke him. If you offend him, he will still be dealt with arbitrarily, not even my dad. Will face me, this time Rishab falls into his hands, and no one can save him, including you and me."
