

The Amazing Son In Law (Charlie Wade)

Chapter 3112-3113

In the evening, Zuri checked all the hardware equipment at the performance site and returned to the hotel after confirming that there was no problem.

As soon as she arrived in the room, she immediately sent a video call to Stefanie Sun.

The phone was connected, and Stefanie Sun was resting in her boudoir in her pajamas and mask.

She opened the mouth and asked Zuri: "Zuri, the venue is over, right?"

Zuri nodded: "It's all over. You can rehearse directly when you arrive tomorrow."

"That's good!" Stefanie Sun breathed a sigh of relief, and said with a serious look: "I have played so many concerts, and not one is as nervous as I am now. You must not go on business trips at this concert."

Zuri thought of Fitz's affairs, and said: "By the way, Stefanie, I have to report something to you."

"you said."

Zuri said: "That's right, Fitz, the person who bought the executive company privately, changed all the lighting and audio equipment for the concert."

"What?!" Stefanie Sun immediately asked angrily: "Why does that Fitz do this? What rights does he have? Contact me, no matter what method you use, you must replace the equipment with me before the performance!"

Zuri hurriedly comforted: "Stefanie, don't worry. The situation of the equipment is like this. Although the whole equipment has been changed, there is no reduction or malicious damage. On the contrary, he personally rented the best from the United States. Stage equipment."

With that said, Zuri's tone was already a little excited, and he said excitedly: "Our lighting engineer and sound engineer have carried out joint tuning of the equipment today, and the effect is really very good! To be honest, I have never seen such a high-profile one. Concerts, even Michael Jackson's concerts during his lifetime, can't reach this level of hardware, and the stage effects must be very explosive at that time!"

Stefanie Sun breathed a sigh of relief when she heard this, but she still felt a little uncomfortable.

She said sullenly: "This Fitz is too wide. This is my concert for Charlie. He doesn't need his courtesy at all!"

Then, she hurriedly said: "That's right, let me figure out how much he will cost to rent these equipment. After the concert is over, I will return the money to him.!"

Zuri said: "Why Stefanie, Fitz is willing to rush to get these, then let him do it, why should we give him the money?"

"That's different!" Stefanie Sun said: "This concert is for Charlie. If he needs to spend money to upgrade the equipment, then this concert is not pure enough in my mind, and it can even be said to be a failure. , A stain! I don't want to take advantage of him and leave myself such a big regret. Besides, I am not without money. Even if he spends 10 million to upgrade the equipment, I can afford it."

"That's not enough." Zuri said: "I heard from the sound engineer that it would cost more than 20 million yuan."

Stefanie Sun immediately said, "Then give him 30 million after the concert is over!"

Zuri said: "Give it to him this time, but you still have to think about it, next time if he is like this, what shall we do? After all, you have a lot of concerts this time."

"It's okay." Stefanie Sun said confidently: "Don't worry, after this concert, he will definitely not pester me again."

Zuri nodded thoughtfully: "That's right... When you show the surprise to Charlie at the concert, Fitz will definitely not pester you anymore."

Speaking of this, Zuri heaved a sigh of relief and said: "In this case, I will arrange the finance to prepare a check for 30 million and give it to him as soon as the performance is over."

"Okay, then you will give it to him then, I don't want to deal with him."

"Yes." Zuri nodded, and then said again: "Oh, by the way, Stefanie, when will you come over tomorrow?"

Stefanie Sun said, "I should take off at about 8 in the morning and land at about 9:50, but I have made an appointment with Charlie. He will go back to the airport to pick me up at that time, so you don't have to worry about me."

Zuri said: "Today Fitz has been asking me when you will be here. I doubt you and his acting style. He may find a way to pick you up at the airport. You have to pay attention to it in advance."
