

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3126-3127

"Okay." Charlie said casually: "Isn't that a sentence?"

Stefanie Sun nodded, remembering something, and hurriedly asked: "By the way, Charlie, how is Rishab now? What did you do to him that made him make the decision to quit the entertainment industry?"

"He." Charlie said casually: "I asked Don Albert to arrange for him to go fishing first."

"Ah?" Stefanie Sun asked with a look of surprise: "What?! Going out to sea to fish? Didn't his agency declare that he is going to study abroad?"

Charlie smiled and said, "I want to study abroad? It's so beautiful that his liver hurts! I arranged for him a three-year internship as a seafarer. He will not be allowed to disembark within three years. Let's arrange for him to go for an internship on a fishing boat when he is running. It is estimated that he has already arrived in the South China Sea and started fishing."

Stefanie Sun chuckled and blurted out: "Charlie, you are too hurt, why let him be a seaman..."

Charlie said in a joking tone: "The main reason is that there are too many people living in the dog farm. It is still being expanded at the moment, so he is lucky."

Stefanie Sun was stunned, and asked in a puzzled way: "Charlie, what kind of kennel? What does it mean to live in a kennel?"

Charlie waved his hand: "It's okay, this kind of thing is not suitable for children, you don't need to understand too much."

Stefanie Sun stuck out her tongue and said obediently: "Okay, then I won't ask."

After that, Stefanie Sun asked him again: "By the way, Charlie, are you going back to Eastcliff to attend the ancestor worship ceremony on Festival?"

Charlie nodded: "Yes, what's the matter?"

"Nothing." Stefanie Sun said, "Isn't Festival in April? There are more than 20 days left. In other words, after more than 20 days, I will be able to see you in Eastcliff again."

Charlie smiled slightly: "Yes, I will definitely visit you and Uncle Orrin and Aunt Angie at that time."

Stefanie Sun said: "Your schedule is just right, because I'm going to the United States in mid-April."

"Go to America?" Charlie asked curiously: "Why are you going to America suddenly?"

“Not suddenly.” Stefanie Sun said: “I want to quit the entertainment circle this time, so I want to hold a few more concerts, which can be regarded as an explanation for the fans. I also have many fans in Europe, America, Japan and Korea. Among them, most of them are of Chinese descent, so in addition to our concerts in China, Taiwan, Taiwan, Japan, South Korea, Europe and the United States, there are also some concert arrangements. From mid-April to the end of April, they will be held in New York, Chicago, Los Angeles, and Houston in the United States. And five games in Seattle, and then move to Japan and South Korea to play three games each.”

Charlie asked in a puzzled way: “Why don’t you go to Europe and the United States after finishing the Asian performance? You have been tossing for more than half a month, and you have to toss back.

Stefanie Sun smiled and said, “My parents happened to be going to the United States for official business in April, so I planned to go with them.”

After that, she asked Charlie again: “Charlie, do you want to go together?”

Charlie shook his head and said with a smile: “I won’t go. There are quite a lot of things in Aurous Hill. It is estimated that April was when the Ocean Shipping Group started, so I shouldn’t be able to get out of it.”

Stefanie Sun nodded, and said with some regret: “The main reason is that I am unfamiliar with the place where I was born in the United States. I always feel not used to it. It’s better to have parents together. It would be better if Charlie brother could go together, but you have yourself. I have to be busy with things, I can fully understand.”

Charlie comforted: “Although the United States is far away, it takes only twelve hours to fly by plane. Besides, you are mainly performing for overseas Chinese, so you don’t have to worry about being uncomfortable.”

“Yeah.” Stefanie Sun nodded slightly and asked Charlie, “Charlie, don’t you want to go to the United States to see it?”

Charlie shook his head: “What am I going to see in America?”

Stefanie Sun said: “Look at your grandpa and grandma, I heard my mother say that your grandpa and grandma are still alive.”

Charlie was stunned. After a few seconds, he smiled unnaturally, and said, “I still don’t bother them. After all, I haven’t seen them a few times when I was a child, and I want to come to them. I have no feelings for me either. Anyway, I have no feelings for them either.”

There is a word, Charlie did not say it.

In the past, he didn’t know much about his mother’s life experience, and he had only seen his grandpa and grandma when he was very young, so he and grandpa and grandma had no relationship basis.

Moreover, after he met Hank, Hank told him that his mother’s family is actually much stronger than the Wade family. His grandparents have always been dissatisfied with his mother’s decision to marry his father and follow his father back to China.

It is said that my mother may have had a lot of conflicts with her mother's family because of this.

Now my mother is no longer alive, and my grandson, who has not seen each other in 20 years, would embarrass them if she really went to see her grandfather and grandmother.

Therefore, Charlie felt that not to disturb them was also a kind of respect for them.
