

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3148-3149

Without real power, it means that there is no real money.

The chairman of the Emgrand Group can put out tens of billions of cash at will, but he can't put out so much money at all.

In this case, in front of the chairman of the Emgrand Group, I will become a straw bag of gold and jade, but also a ruin...

And why does he want to pursue Stefanie Sun with a deliberate effort?

On the one hand, it was because he was really obsessed with Stefanie Sun, on the other hand, it was because he had no real power in the Banks Family.

Therefore, he eagerly wants to use Sun family's wealth to improve his own strength, and even wants to use Sun family's strength to make Grandpa look at him with admiration.

In this way, it will also enhance the possibility of him inheriting the Banks Family in the future.

For these reasons, Stefanie Sun has a powerful strategic significance to his life.

In his mind, there is absolutely no room for the slightest mistake!

When he thought of this, his heart was even more angry.

Not only did he hate the chairman of the Emgrand Group, he even dared to run out to win love, but also hated his grandfather Lord Banks, a dying old thing who firmly held the control of the Banks Family and was reluctant to let go of his younger generation.

He even hated his sister Zara banks.

She actually took advantage of the grievance she had suffered, forced the old man to leave the entire ocean transportation group, and even took the old man's private island for retirement.

In contrast, he has nothing.

Really, nothing...

Thinking of this, he gritted his teeth and raised his head to look at Doris Young. You said, "Vice Doris Young, your boss will not have trouble with money if you want to come. If we both reach a cooperation, it may be a company with a scale of hundreds of billions. Looking at our domestic new energy car companies, the market value of the largest one has approached the 100 billion U.S. dollar mark, which is more than 600 billion yuan! If we join forces, we will probably not be any worse than them, so big. Your boss will be interested in buying and

selling if he wants to, so you might as well call him or send a text message to report and see if he is really interested.”

Doris Young hesitated for a moment, and said: “In this case, I will report to our chairman first.”

Fitz Banks instantly beamed his eyebrows and blurted out: “Okay! See what he says.”

Doris Young took out his mobile phone and sent a message to Charlie on WeChat.

The content is: Master, how should I reply to him now?

Charlie replied: You ask Fitz Banks if you are really sure you want to see me.

After receiving it, Doris Young put down his phone, looked at Fitz Banks, and asked seriously: “Master Banks, are you sure you want to see our chairman?”

“Of course!” Fitz Banks said without hesitation: “Vice Doris Young, I don’t mean to look down on you, but for such a big business, it is naturally more efficient to talk to your boss directly. What do you think?”

Doris Young nodded, her tone suddenly lost her enthusiasm, and said lightly: “Well, since you are sure, then I will invite our chairman to talk to you.”

Fitz Banks couldn’t help frowning. He didn’t expect that Doris Young suddenly became cold-hearted, and changed his respectful expression just now, and changed his title from “you” to “you”, which made him feel a little bit in his heart. Upset, I feel offended.

At the moment when his anger surged, a door in the office was suddenly pushed open, and a somewhat familiar voice came and asked with a sneer: “Fitz Banks, you just want to see me so impatiently?”
