

The Amazing Son In Law (Charlie Wade)

Chapter 3156-3157

For Fitz Banks, as long as he can leave his life, it is more important to him than anything else.

Because he knew very well in his heart that Charlie had enough strength and enough reason to kill himself.

And with his strength, even if he really killed himself, the Banks Family might not be able to avenge himself.

After all, his grandfather didn't even see his face, so he was so jealous that he couldn't sleep at night!

In order to make peace with him, grandpa even gave the entire Banks Family's ocean transportation group to his sister.

From this, it can be seen that his grandfather is extremely afraid of Charlie.

Therefore, as long as you can survive, it doesn't matter if you throw yourself into Syria.

At least, in Syria, he can still depend on his father, not alone.

Charlie heard Fitz Banks begging for mercy and couldn't help but smile and asked, "What? Do you want to go to Syria, too?"

Fitz Banks nodded without hesitation, and said unswervingly: "I want to go! I want to go! Please let me go, please!"

Charlie looked at him, smiled slightly, then waved his hand, and said in a cold voice, "How could I reunite your father and son in Syria? You think too beautiful, right?"

Fitz Banks panicked and begged: "My dear, I beg you, as long as you can spare me a dog's life, I'm willing to do anything you want me to do. You saved my dog's life. If I kill it, won't your efforts to save me in the first place have been in vain? Look at this point, please give me a way out."

Charlie looked at him with a smile and without a word. He kept seeing Fitz Banks feeling so terrified that he was so scared that he calmly said, "Fitz Banks, in fact, you have to be thankful that you have a good sister."

Fitz Banks was a little dazed at once, and blurted out, "Benevolence...what do you mean?"

Charlie said indifferently: "I have a big project to cooperate with your sister now. For your sister's face, it is not impossible to spare you a dog's life."

In fact, Charlie did not intend to really kill Fitz Banks.

Not only is he still cooperating with Zara banks, but also because he has some respect for Fitz Banks's mother, Deana.

That woman has loved her father for so many years and has never done anything to destroy her family. Just her feelings for her father deserves her respect.

Even, it is worthy of my gratitude.

I am grateful that my father has been dead for so many years, and people still remember him.

After all, it is not easy for a person to be remembered by others if he dies.

If he really killed Fitz Banks, how would he face Deana in the future?

Therefore, he knew very well in his heart that he could not kill Fitz Banks.

Fitz Banks was so excited when he heard Charlie's words at this time, he blurted out and asked: "sir, you really decided to forgive me this time?!"

Charlie waved his hand and said indifferently: "Today is your fate. However, as the saying goes, death can be avoided, and living sins are hard to forgive!"

Fitz Banks blurted out with excitement and without hesitation: "As long as my benefactor can spare me, I am willing to do anything you want me to do! I have no idea how you punish me!"

Charlie thought for a while and said, "Well, your Banks Family has always acted ruthlessly, your six relatives have not confessed, and your sins are serious. Since you want me to spare you a dog's life, then you might as well concentrate on paying for your Banks Family. "

"Okay! I will atone for my sins!"

When Fitz Banks heard this, although he didn't know how Charlie wanted to atone for his sins, he still agreed without hesitation and blurted out: "I am willing to atone for my sins! I am willing to do it for me, for my dad, for the whole Banks Family Atonement! Tomorrow I will go to the temple to burn incense and worship Buddha, so as to accumulate more yin and virtue for Banks Family!"

Charlie smiled and said: "Your sins are so prudent, how can it be solved as simple as burning incense and worshiping Buddha?"

Fitz Banks asked confusedly: "Sir, what do you mean?"

Charlie said calmly: "Since it is a serious sin, then naturally you need to be more pious and more disciplined. I think you might as well start from tomorrow, use three steps and one bow to walk all the way from Aurous Hill to the Jokhang Temple in southwest China. On the pilgrimage, use your most pious heart and your most down-to-earth actions to alleviate the sins of your Banks Family."
