

The Amazing Son In Law (Charlie Wade)

Chapter 3166-3167

After speaking, I saw Fitz Banks's video on my phone, and hurriedly asked: "Master, what is going on with him, Master?!"

Fitz Banks watched the unconscious Lord Banks in the video, with a cold expression on his face, and said coldly, "He? He is self-inflicted and can't live!"

Banks (Butler) was dumbfounded: "What the hell is this? Is this the Fitz Banks who is so flattering and begging for the master? How dare to say such a thing to the master?!"

Banks (Butler), who was eager to protect the lord, was instantly furious, and he blurted out and shouted: "Fitz Banks! What status are you, how dare you say that, Master! Do you want to rebel?!"

Fitz Banks said disdainfully: "Bah! I will make this old thing counter? I, Fitz Banks, have been ashamed to associate with people like him all my life!"

After all, Fitz Banks turned off the video directly.

In an instant, the entire Banks Family villa exploded.

On the Aurous Hill side, the people in the Thoren's old house were also completely trapped.

Zara banks looked at her brother, feeling that her eyes were about to fall off.

Two days ago, she had just determined that her brother had already turned to grandpa.

But she never expected that it was only a few days later, and her elder brother seemed to have changed in an instant, and in an instant she scolded her grandfather with blood...

So she couldn't help asking Fitz Banks: "Brother, what happened to you today?!"

Fitz Banks said with a calm expression and empty eyes: "I'm nothing, I just can't understand what he did!"

Zara banks was stunned, and then asked: "Then you said you decided to start tomorrow and kowtow all the way to the Jokhang Temple. Is this serious? Or just talk about it?"

Fitz Banks glared at Zara banks, and said in a very dissatisfied tone: "Of course you are serious! How can you doubt my original intention?! Do you think Fitz Banks would make a joke about such a sacred thing?! Is it true? In your heart, Fitz Banks, I am a villain who is sensational, outrageous, and talkative?!"

Zara banks was suddenly scolded by her elder brother. He couldn't wait for a hundred thousand question marks in his brain, and his heart was shocked.

She couldn't understand more and more, what happened to her brother? !

"My brother is mentally retarded?!"

"Or is it an evil?!"

"Or was he lowered his head?!"

Bewildered, she immediately looked at her mother Deana with a plea for help.

Deana was completely confused.

She found that she could not understand her son who had been raising for more than 20 years.

In his own impression, he is not such a person at all.

Don't look at his name as Fitz Banks, but in fact, Deana knows very well that in the Banks Family's environment, the men of the Banks Family are basically ignorant of right and wrong and only care about their interests.

Therefore, Fitz Banks suddenly has a sense of justice, and completely turned his face with Lord Banks. This is completely like a person!

So, she couldn't help but tentatively asked: "Fitz, tell the truth to your mom, what happened to you today? Did you encounter something outside or was stimulated by something?"

"No." Fitz Banks said indifferently: "I just suddenly realized my whole life, and realized that my life can no longer be so degraded! The sins of the Banks Family are too serious. As a descendant of the Banks Family, I must stand up. , To redeem the sins for the Banks Family!"

Deana was even more surprised, but he earnestly persuaded him: "You know, you can recognize this. Mom is really pleased, but you don't need to treat yourself in such a harsh way. From here all the way. Kowtowing your head to the Jokhang Temple is a full thousands of kilometers away. Your body simply can't bear it. In addition to the plateau over there, severe altitude sickness may kill you!"

Fitz Banks said indifferently: "These are not problems. I am going to redeem my sins, not to commit suicide, so I am planning to bring a few entourages, and even a private doctor, so that they can protect me along the way. Security Question."

Deana couldn't help but tentatively asked: "Knowing wrong, you really decided? Is there any room for a step back?"

Fitz Banks stood up, his face was stern and determined and said: "Mom, don't persuade me, I'm determined!"
