

The Amazing Son In Law (Charlie Wade)

Chapter 3186-3187

Charlie couldn't help frowning. Deana didn't know his true identity, so why bother to say this to Claire?

Thinking of this, he casually said: "I probably took a look when I went last time. The feng shui of her old house is still very good. There is no need to make any changes. If you really want to adjust, then wait. Let's talk about it after we're done. It's almost time to make minor adjustments."

"Okay." Claire didn't know Charlie was perfunctory, nodded and said: "When the meeting is over, I will go and talk to Aunt Deana."

Charlie took Claire to the door of the old house. Deana just walked out of the yard. Seeing Claire getting out of the car, he smiled and said, "Claire is here."

Claire smiled and said, "Hello Auntie Deana, I have made a fine-tuning of the last plan. You will take a look at it later."

"Okay!" Deana nodded, waved his hand to Charlie who was sitting in the cab, and smiled: "Hello, Mr. Wade, we meet again."

Charlie put down the car window and said with a smile: "Hello Aunt Deana, I won't get out of the car if I have something to do later."

Deana hurriedly nodded and said: "If you have something to do, go to work as soon as possible. Don't worry if you are here at first."

Charlie nodded, and couldn't help but feel a little puzzled. Last time Deana saw that Claire was also called President, this time he changed his name to Claire.

Charlie didn't doubt Deana's character, but when she thought that she was deliberately trying to get closer to Claire, he was more or less worried, worried that Deana had intentionally or unintentionally missed something.

But right now he didn't want to remind Deana directly, I believe that Deana still has some sense of measure.

So he bid farewell to the two, drove straight to Shangri-La, waiting to pick up Stefanie Sun, and then went to the airport to pick up Orrin and Aunt.

After Charlie arrived at Shangri-La, he went directly to Stefanie Sun's room.

As soon as I arrived at the door of Stefanie Sun's room, the door of the room opened from the inside.

Stefanie Sun's agent, Zuri, was wearing work clothes with the brokerage company's logo and dragging a large box. He was about to come out of the room. Stefanie Sun's voice also came from inside: after you arrive at the venue, you must I must put my baby in my dressing room properly. Without my permission, no one except you can enter, let alone touch it, you know?"

Zuri said helplessly: "Oh, I see, you have been talking to my ears all morning, so annoying, if you really don't worry about me, or you can take it by yourself."

Stefanie Sun blurted out: "I don't have time to go to the venue in the morning! Brother Charlie will pick me up at the hotel soon. Then we will go to the airport to meet my parents together, and then we will go to the hotel to give me Brother Charlie together at noon. For your birthday, you can keep it safe for me, and I don't need you to keep it after I pass in the afternoon!"

Zuri mumbled dissatisfiedly: "I know Charlie and Charlie all day long, and my ears are about to become cocooned. I don't know what is good about your Charlie brother. The entertainment industry is more handsome than him. There are too many men to go."

Stefanie Sun hummed: "You are not allowed to say bad things about my Charlie, he is the most handsome in my mind."

Zuri shook his head helplessly, pushing the box out, turning around and saying: "I don't bother to listen to your nympho here, I have to go to the venue quickly, there is still a lot of work to go to the venue in the morning for final confirmation. ."

After speaking, Zuri just left the door, and when he turned around, he ran into Charlie.

Suddenly seeing Charlie, Zuri was shocked and said that had arrived, which made her feel a little guilty.

Moreover, this was the first time she had faced Charlie at close range. The sharp, handsome face in front of her immediately made her feel a little bit faster and flushed.

She suddenly felt that what she said just now was really wrong.

I couldn't help muttering in my heart: "It's really hard for the entertainment industry to find a handsome male artist than Charlie."

"Moreover, even if there are some male artists who look more handsome than Charlie, most of them have undergone plastic surgery, which is not natural at all."

"In the current entertainment industry, as long as they follow the idol route, who doesn't have plastic surgery? Sometimes male artists have more severe plastic surgery than female artists, and many male artists have cosmetic surgery beautiful, but one is more feminine than the other. Some are even more feminine than women. It's really rare to see a tough handsome guy like Charlie..."
