

The Amazing Son In Law (Charlie Wade)

Chapter 3188-3189

Charlie and Zuri ran into each other, but Zuri seemed to be stunned, so he coughed deliberately, "Ahem, hello, Miss Zuri."

Zuri came back to his senses at this time. When he thought that he was staring at Charlie's handsome face for a long time just now, he suddenly embarrassed and asked nervously, "Oh, you... why are you here? here....."

"I'm here to pick up my Friend." Seeing her panicked, Charlie couldn't help asking: "What are you so scared of, and I won't eat you?"

Zuri touched his chest, calmed down, and deliberately said loudly to Charlie: "You won't eat me. I'm afraid that after you hear what I said wrong, the tigress in the house will Eat me!"

When Stefanie Sun heard Zuri's words, she subconsciously asked: "Zuri, who are you talking to? Who do you say is the tigress? Isn't it true !"

After speaking, he ran out quickly, and when he saw Charlie, his eyes lit up and he said excitedly: " Charlie, why didn't you tell me when you came?"

Then, without waiting for Charlie's answer, he said to Zuri: "Oh, Zuri, go quickly, don't delay your work, hurry up, hurry up, and be safe on the road."

Having said that, he quickly grabbed Charlie's arm and said to Charlie, " Charlie, come in and sit for a while, wait for me, I'll put on a simple makeup and let's set off!"

Seeing Charlie being pulled into the room by Stefanie Sun and the door closed, Zuri couldn't help but muttered in a low voice: "The color is more important than the friend! Absolutely the color is less than the friend!"

After speaking, he dragged his suitcase and left alone.

In the room, Stefanie Sun pulled Charlie, pressed him onto the sofa, and said, " Charlie, wait for me a few more minutes, and I'll be fine soon."

After speaking, the person ran into the bathroom.

Charlie took out his mobile phone and called Isaac Cameron to confirm that the team was ready, so he waited for Stefanie Sun to clean up and left the room with her.

The same as the process of picking up Stefanie Sun yesterday, Isaac Cameron helped open up the airport relationship. Several cars drove directly into the airport hangar, and then waited for the planes of Orrin Sun and Angie to land.

At 10:40, a business jet modified by a brand-new Boeing 737 landed at Aurous Hill Airport.

This passenger plane, which originally had the largest passenger capacity of nearly two hundred people, has been completely modified and turned into a private business jet capable of flying around the world.

The plane drove slowly into the hangar after the guided car, and it hadn't stopped. Charlie had already seen the porthole of the fuselage, facing the husband and wife recruited by him and Stefanie Sun.

Due to the large size of the plane, the airport staff drove a passenger elevator car. After docking with the cabin door, the couple walked off the passenger elevator.

Stefanie Sun was in a great mood, and she waved her hand and shouted, "Dad, mom!"

Orrin Sun and Angie walked down hand in hand.

After many days of absence, Charlie found that Orrin Sun's complexion was very good, his body was straight, and he looked like he was only in his early forties.

He can have such a complexion, all because of the effect of rejuvenating pills.

However, Angie, who is next to Orrin Sun, was a little bit tired when compared to him.

In fact, although Angie is almost fifty years old, but because of the very good maintenance, she usually looks like forty years old. Standing with Stefanie Sun, she is not like a mother and daughter at all, more like a mother and daughter. A pair of sisters.

However, the state of her whole person was a lot worse than Orrin Sun, who was obviously a few years older, and she seemed a little sick.

Charlie immediately recalled what Stefanie Sun had said to him. Angie had been helping Orrin Sun personally recently, thinking that the heavy work had dragged down his body and energy.

As soon as the couple walked off the passenger elevator, Stefanie Sun couldn't help holding Charlie's hand and hurried up to greet him.

Charlie said respectfully: "Uncle Orrin (Sun) and Aunt , you two have worked so far to run so far, it's really sad!"

Orrin Sun laughed and said, "Charlie, you saved the life of your uncle. Are you still polite to your uncle for such a thing?"
