

The Amazing Son In Law (Charlie Wade)

Chapter 3214-3215

her cheeks were slightly reddish. Coupled with the rejuvenation pills just taken, her complexion looked white and red,

charming and charming.

Orrin Sun looked at his wife, slightly surprised, and couldn't help but admire: "My wife, I look at you now. There is a special illusion that we just got married..."

Angie smiled slightly and said with some embarrassment: "The children are here, don't talk nonsense..."

Orrin Sun said solemnly: "What I say is from the bottom of my heart!"

As he said, he took out his wallet, and after opening it, in the outermost transparent card slot, there was a photo of the two when they were young.

Orrin Sun handed the photo to Charlie and Stefanie Sun, and said: "Look at it, am I telling the truth?"

Charlie looked at that photo. Angie in the photo was about twenty-six or seventy-seven years old.

However, at that time, she was taking a mature route. Even the old photos looked very moving. At that time,

she was more attractive than she is now. Stefanie Sun's temperament is even better.

Stefanie Sun on the side looked at her mother's old photo and exclaimed: "Mom, you were so beautiful when you were young.

Although I have seen this photo many times, I can't help but praise it every time I see it... "

Angie smiled and said: "Don't play rainbow farts here. To put it mildly, those are youths that have long passed away, and you are the age of positive youth."

As she spoke, she couldn't help but sighed: "But when I was young, i was really beautiful."

After all, she looked at Charlie and said sincerely: "Charlie, you don't know how outstanding your mother was when she was young.

There was a saying in Eastcliff's celebrity circle that Bruce brought Ava from the United States . At that moment in Beijing, the light of all the women in Eastcliff was instantly extinguished..."

Charlie couldn't help but chuckle: "Aunt , is there such an exaggeration you said?"

"Of course there is." Angie said very seriously: "Your mother was in Eastcliff at the time. It was an absolute dimensionality reduction attack. Her appearance, temperament, figure, education background, and background were all in the crushing class.

It began to open up. When it comes to trends, the United States was definitely the center of the world's trends at that time, so your mother was amazing in all aspects in our eyes."

As he said, Angie said again: "Furthermore, your grandfather's family has been cultivating deeply overseas for many years, and it can definitely be regarded as a big old family.

The so-called nobles in Europe are also far behind your grandfather's family.

Your mother is the jewel in the hands of the An family.

What we have received is the dual aristocratic education of the East and the West, which is what we can compare to..."

Speaking of this, Angie couldn't help but said with emotion: "At that time, whatever clothes your mother wore would immediately trigger a frenetic trend in Eastcliff's celebrity circle.

At that time, your mother was the vane of Eastcliff's celebrity circle. What she wears and what she wears, others can't wait to find a way to buy it back and imitate..."

Stefanie Sun asked in amazement, "Mom, what you said is true?"

"Of course!" Angie said earnestly: "At that time, we were not really connected with the world,

and the information gap between domestic and foreign was still very large. Unlike now, the information network is so developed,

there is basically no information gap at home and abroad."

Speaking of this, Angie suddenly remembered something and asked Charlie: "By the way, Charlie, have you ever thought about going to the United States to meet your grandpa and grandma?!"
