

The Amazing Son In Law (Charlie Wade)

Chapter 3228-3229

The old Lady Wilson sighed, causing Christopher to lower his heads in shame with Harold Wilson and his son.

The old Lady Wilson saw the two of them like this, and she felt contemptuous in her heart, so Hundred Years stood up and said: "You two lie on the bed, I'll go to Charlie's house!"

Harold Wilson asked hurriedly, "Grandma, what are you going to do at Charlie's house?"

Old Mrs. Wilson coldly snorted, "Huh! What else can I do? Of course, I am taunting them!"

Christopher Wilson said with some worry: "Mom, Charlie's thunder is only a guess from you.

It has not been confirmed. If you go to them now, in case Charlie has not thundered yet.

, Let us clean up easily, wouldn't it be an innocent disaster?"

The old Lady Wilson said disdainfully: "When did my old lady look at her eyes? I told you that your wife was unreliable and asked you to transfer all the money to me.

You don't believe me. Look, your wife is running now. Right?"

Speaking of this, the old lady couldn't help but gnashing her teeth and cursing: "Smelly shameless bitch, get out of the way, you dare to steal my money!

If the bastard is not dead, it is simply God's eyes!

Christopher was speechless for a moment.

things really made his face dull.

It is a trivial matter to steal money from an old lady. It is what he hates to secretly conceive other people's children and infect him with a disease.

Harold Wilson said at this time: "Grandma, Charlie, this kid has always been very evil,

sometimes the more he feels that he is going to die, he can just play with flowers, so I think we should keep a low profile and wait for him to be violent. Thunder, it's not too late to taunt him!"

The old Lady Wilson fell into deep thought.

She was too much stimulated by Charlie in her heart, that she always wanted to find a chance to be ashamed.

However, she also admitted that what the grandson Harold Wilson said is indeed reasonable.

Charlie is always unpredictable, and he does not play cards according to the routine. It is indeed necessary to be careful and never careless.

So, after thinking about it, she opened the mouth and said: "Let's go to their house first, and explore the reality!"

Harold Wilson quickly reminded: "Grandma, you must be careful!"

"Don't worry." Old Lady Wilson waved her hand: "I know it in my heart."

As she said, she suddenly remembered something, and gritted her teeth and said, "No! Since today is Charlie's birthday, how can I go empty-handed?"

"I'm going to the vegetable market to buy two catties of leeks and give it to him!"

Harold Wilson was confused and asked in surprise, "Grandma, why did you give Charlie the leek?"

Claire didn't cuckold Charlie again."

As soon as Harold Wilson mentioned the green hat, Christopher Wilson felt that his head was so green that he glowed, and angrily cursed, "Let's put a green hat on"

Harold Wilson looked sad, and the old Lady Wilson said: "At the beginning, Charlie used daffodils as leeks, so we vomited up and down and were taken to the hospital for emergency treatment.

My old lady always remembered this grudge!"

Harold Wilson recalled the time when he had incontinence at home, he shuddered all over, and said, "Grandma, Harold Wilson has always remembered this hatred, but you can't solve this problem by buying two pounds of leeks!"

Old Mrs. Wilson gritted her teeth and waved her hand and said, "It's fine, I'll go and touch their bottoms first!"

After that, she stepped out of the bedroom.

The old Lady Wilson, who has always been proud, has experienced a lot of warmth and cold in the world since she fell down, but what makes her most angry is that the Charlie family's indifference to her.

Originally, the family gave her a bit of face, but at the beginning, she seized Charlie's villa with all her heart, and finally tore their faces with the four of Charlie's family.

Since then, she has been in jail, injured, and even reduced to pulling plastic bags to customers in the supermarket.

Charlie's family has not extended a helping hand to her, especially Jacob who treats her as air in the supermarket, which makes her hate it even more. .
