

The Amazing Son In Law (Charlie Wade)

Chapter 3240-3241

Wandy's accusations made Old Lady Wilson's legs soft, and she almost fell to the ground.

She couldn't think of it in her dreams.

It turned out that the noble person who brought her back to life was Charlie who she had always looked down on and wanted to find a chance to seek revenge from him!

This reality, in the heart of the old lady, was as shocking as the Big Bang.

Because, she felt that Wandy's noble person could be anyone in this world, but Charlie was the least likely person.

However, this is the truth.

Rescued Wandy from the trap of selling a contract.

He also gave the entire etiquette company to Wandy to take care of it.

Old Lady Wilson was panicked and scared at this time, and she realized deep down in her heart:

"The tone I spoke to Charlie just now was a bit too arrogant.

You don't need to ask to know that Charlie must be very angry...

Will he be so angry? My anger. Just drive Wandy away from etiquette company?!

The hope of our family of four is now all on her alone! If Wandy is unemployed, won't we be beaten back to the original state again?

At that time, will I go to the supermarket to pull plastic bags for customers again?!"

Thinking of the consequences of offending Charlie, the old Lady Wilson was extremely frightened, and her expression immediately became very flattering and self-blaming.

She sighed guiltily, "Hey... Charlie... I blame grandma for having no eyes, grandma really didn't expect it.

You can actually repay your grievances with virtue, you helped Wandy and us so much..."

Speaking of this, the old Lady Wilson choked with tears: "You help us with grievances by virtue, but old lady, yelling at you with grievances and yelling at you on your birthday celebration, really blinded my dog's eyes..."

you The adults don't count the villains. Seeing that grandma is so old, don't be as knowledgeable as grandma, okay?"

Charlie looked at the appearance of old Lady Wilson changing her posture instantly, and couldn't help sighing in her heart:

"This old lady has no other skills, she is really good at acting, and the joy, anger, sorrow, and joy can be switched instantaneously, which is even older than the old drama!

If she can put her thoughts in this area into serious matters, the Wilson Group will not end up like this."

However, Lady Wilson is old after all, and Charlie doesn't want to kill her and be cruel to the end.

Since she is subdued, she naturally wants to give her a step.

So he said calmly: "Okay, say a thousand words and ten thousand. After all, you are Claire's grandmother, and I don't want to be familiar with you, but from now on you remember that everyone does not offend the river.

You And your family, don't come to our family any more trouble or uncomfortable, otherwise, I will be welcome!"

When the old Lady Wilson heard this, she let out a sigh of relief.

Now she finally realized that the basic security of her family of four was all given by Charlie.

If she still didn't repent, the family would have to go to the streets hungry and beg for food.

So, she hurriedly nodded her head like a chicken pecking at rice, and repeatedly promised: "Charlie, don't worry. Grandma will never find you any uncomfortable things!"

Speaking of this, she said with a flattering smile at least: "Charlie, we are a family after all.

We used to have some unclear misunderstandings. As long as we talk about it, everyone is still a family that loves each other.

You are my grandson-in-law, originally my granddaughter, Jacob and Elaine are my son and daughter-in-law, we are actually close relatives!"

At this time, the old Lady Wilson, her face was full of folds, and she said in a low voice: "Look, grandma has also paid the apologize and apologized.

It is time for our two families to reconcile as before, just today. It's your birthday.
