

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3262-3263

Elaine blurted out: "I'm not saying that I'm panicking! Don't think I don't know, you Wilson family all look down on me in their bones!"

Jacob sighed and quibbled: "Oh, no one looks down on you, you think too much..."

Elaine cried and said, "Jacob, you have to touch your own conscience when you speak. Tell yourself, how much irritation your family has given me for so many years?"

Don't talk about me, just talk about yourself, your mother and your elder brother's family. , How much anger did you feel?"

Jacob couldn't help feeling sad when he heard this.

For so many years, although he was seemingly confused and uncontested, he clearly remembered all the discrimination and exclusion he had experienced. To say grievances, it is not just Elaine who is wronged, he also has a stomach of grievance in his heart.

Seeing the sadness of Elaine crying, his heart felt distressed for Elaine.

He didn't know whether it was from the heart or under the influence of alcohol. He stepped to Elaine, patted her on the shoulder lightly, and exclaimed, "Hey...you have suffered a lot of grievances for so many years."

Jacob's words struck Elaine's heart all at once.

She hugged Jacob's waist and burst into tears, while Jacob slapped her back while some tears flashed.

At this time, Claire walked downstairs and was shocked when she saw this situation.

She wanted to speak, but seeing that her parents seemed to be able to cuddle so hard, she hurried to Charlie's side and asked in a low voice: "Husband, what happened to my parents?"

Charlie smiled awkwardly, and said: "The two of them just talked about the past.

They talked and chatted as if they had feelings and sent them..."

Claire nodded and said with emotion: "Also, I haven't seen them hug together like this in many years."

Having said that, Claire quickly waved to Charlie and whispered: "Then let's go quickly! Don't disturb them!"

Charlie responded and quietly left the house with Claire.

...

The couple went out and called for a car, and went straight to the Aurous Hill Olympic Center.

When approaching the venue, the surrounding traffic was basically blocked.

The couple didn't want to bother the driver too much, so they got off the car early and walked to the entrance of the venue on foot.

At this time, the crowds around Olympic Center were already surrounded by the crowds of Olympic Center. In addition to the audience holding tickets, there were also many anxious young men and women. When they saw someone, they came forward and asked if there were concert tickets willing to transfer or even open them. Several times or even ten times the price.

In addition to them, there are many scalpers shouting the slogan of high-priced recycling tickets, but everyone who holds concert tickets in their hands turns a deaf ear to these people's inquiries.

This shows that Stefanie Sun's influence is indeed very large, and the loyalty of fans is even more self-explanatory.

Every pink ticket is hard to come by, and finally there is a chance to see an idol. No one is willing to give up such an opportunity for a price difference of several or more than ten times.

When Charlie and Claire followed the crowd to the entrance of the venue, they suddenly heard a familiar voice coming from them: "Oh, I said, tickets are not sold or sold, can you stop pestering me? "

It was Loreen who spoke.

Claire turned his head and saw Loreen not far away, talking with a middle-aged man impatiently.

The middle-aged man looked like a scalper. Even if Loreen went like this, he licked his face and said with a smile: "Oh, beauty, as long as you are willing to make a move, the price is easy to negotiate. I will give you 10% of the face price. How about five times?"

Loreen was very dissatisfied and said: "This lady is not short of this amount of money, let alone 15 times, even if it is 150 times, I would not agree to it!"

Claire shouted at her at this time: "Ruolin! Ruolin!"

Loreen looked up and found that it was Claire and Charlie, hurriedly ran a few steps with joy on his face, got rid of the scalper, and then came to them in twos or twos.

Charlie! You are here too!"

Claire smiled and said, "I have been looking forward to this day for a long time, how could I miss it."

Loreen nodded and said with a smile: "Yes, you seem to have always liked Stefanie Sun."

After that, she looked at Charlie again, and said something in the words: "Oh, I didn't expect that Charlie, you also like Stefanie Sun!"
