

The Amazing Son In Law (Charlie Wade)

Chapter 3288-3289

At this time, someone posted this topic to Weibo, and it quickly rushed to the top ten of the hot search. The headline of the hot search was: "Guess what style Stefanie Sun carefully prepared!"

Below this hot search, several options are given, including classical style, modern style, post-modern style, western court style, dark style, gothic style and even abstract style.

There are even well-known big V fans who have started a prize-winning quiz. Among the people who guessed right, ten lucky ones will be selected, and one will be given an autographed album by Stefanie Sun.

Claire took out his phone and swiped Weibo for a while, and couldn't help but whispered to Charlie: "Husband, what do you think Stefanie Sun will change on stage later?"

Charlie said awkwardly: "This...how can I guess..."

Claire said, "Don't people call you Master Wade? If you can pinch it, can't it be a rough idea?"

Charlie shook his head and said truthfully: "I haven't studied the style of dressing at all, so I can't guess it."

Claire thought for a while, and said, "Then I will guess a Gothic style. Stefanie Sun once appeared on the cover of a fashion magazine and chose a black Gothic style. At that time, the style was not only popular, but also Won the prize!"

Charlie smirked and said seriously: "My wife, to be honest, I don't even know what the Gothic style is."

Claire smiled and said, "sister's style is mainly the architectural style of the Western European and Germanic nations.

You must have heard of Western Gothic cathedrals, monasteries, and castles.

They are very tall, exaggerated, and cold. Stone buildings gradually transformed into Gothic literature, Gothic music, Gothic clothing, etc. I also learned this when I was studying design. It is normal for you boys to not be aware of these."

After that, Claire said again: "I will guess a Gothic style blindly. If I guess right, I still have a chance to get Stefanie Sun's signed album!"

Charlie nodded, and didn't think much about the style of Stefanie Sun's last look.

Ten minutes passed quickly, the stage lights were still not on, and Stefanie Sun never showed up.

However, the audience was not in a hurry. On the contrary, although everyone was looking forward to it, they were waiting patiently.

These fans who are willing to pay for tickets to see her concert are true die-hard fans, no one is booing or making noise.

For fifteen minutes, there was still no movement at the scene.

Twenty minutes later, a soft guitar sound suddenly came from the live speakers.

The fans cheered at once!

Because they know that the guitar sound they hear at this moment must be the prelude to the last song!

Therefore, Stefanie Sun is finally about to debut!

After the melodious piano sound, Stefanie Sun's sweet singing voice came out.

"The second hand and the minute hand are ticking in my heart..."

"My eyes flicker so hollow..."

"My heart throbs and throbs..."

"I asked myself how strong I want you to love you..."

"I want to stay and fly with you more impulsively..."

"My heart is throbbing up and down..."

Everyone at the scene was immersed in this wonderful atmosphere where only the sound was heard and no one was seen. Stefanie Sun's voice was extremely beautiful, coupled with this full of little beautiful lyrics, so that the fans on the scene were intoxicated.

At this moment, the stage lights suddenly lit up without warning!

All the chasing lights are aimed at the center of the stage. At this moment, the noble and elegant Stefanie Sun, wearing a beautiful, holy, and dazzling white tube top wedding dress, slowly rises from the center of the stage!

At this moment, the audience suddenly exploded!

No one thought that the last look of the goddess Stefanie Sun turned out to be a white wedding dress!

At this moment, she gently held the microphone with her white lace gloves, her eyes filled with tears, and emotionally sang the most classic chorus part of this song: "Tomorrow I will marry you, tomorrow I will I'm going to marry you..."
