

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3322-3323

Stefanie Sun left, which made Charlie feel a little lonely.

The yard was silent at this time, and the weather was still a bit cold. Looking up at the moonlight and starry sky, Charlie was even more sighed.

He never thought that Stefanie Sun's concert would come to an end in this way. Thinking back to the old photos at the concert, Charlie's heart was full of touch and shame.

Although I have been through hardships over the years, with Tang Sihai's secret protection in the orphanage, I can actually be regarded as having no worries about food and clothing, but all kinds of material conditions are a bit more difficult.

But he had never thought about it before. During the years of his own hardship, Stefanie Sun's family has spared no effort to find his whereabouts.

This affection alone has moved him very much. He doesn't know how to repay, not to mention that Stefanie Sun has abided by her marriage contract for so many years, and has been waiting for her affection for nearly two decades.

Therefore, how to repay the love of the three Sun family members became a knot that Charlie couldn't untie in his heart.

The reason why he couldn't solve it was because he couldn't think of any good way at all.

After all, there is also Claire next to him who has been married to him for four years and will never leave.

Just as Charlie sighed and sighed in his heart, Claire walked out of the villa, wrapped in a cotton jacket and holding Charlie's down jacket in his hand.

She came to Charlie's side, gently put the down jacket on his shoulder, and said, "Husband, why did you run outside and stand stupidly? It's pretty cold tonight."

Charlie smiled and said, "The room is a little boring, I want to come out and breathe."

Claire nodded and said, "Why don't we turn off the floor heating in our house, it's already in mid-March, so there is no need to turn on the heating."

Charlie said, "It's better to keep it on. It's the most common cold season now. It's much better if the heating is on in the house."

Claire didn't insist anymore. Instead, looking at Charlie, he asked with concern: "Husband, how do I feel that you seem to have something on your mind? Are you in trouble?"

“No.” Charlie said against his will: “Before and after, there was a feng shui business who was going to Eastcliff. A big family wanted to ask me to help see the feng shui of the ancestral grave, but it seemed a bit tricky. I was thinking What should be done.”

The reason why Charlie said this was that, on the one hand, he didn't want Claire to think too much. On the other hand, he happened to get her a vaccination in advance to tell her about her going to Eastcliff before Festival. “

After saying this, Charlie did not feel complacent because of an excuse to kill two birds with one stone. On the contrary, he felt a trace of sadness in his heart.

Ever since Tang Sihai reappeared, since he obtained the Nine Profound Heaven Scriptures, he and Claire have been filled with more and more lies.

Although many of these lies are out of good faith, the nature of the lies cannot be concealed.

At this time, Claire heard that Charlie was going to the night scene to show others Feng Shui again, but he had no doubt in his heart, but asked him: “Husband, why are you taking over the work of Feng Shui again?”

“Yes.” Charlie said casually: “I gave a lot of money, so there is no reason to refuse.”

With that said, Charlie was afraid that Claire would repeat the same old tune, so he immediately added: “And my wife, you should also know that these wealthy people have their own circle. If you offend the people in this
