

The Amazing Son In Law (Charlie Wade)

Chapter 3384-3385

This person stood still outside the car, and the crowd immediately said respectfully: "Welcome to the lord!"

The man did not respond, but walked straight towards the entrance of the Baks family's villa. As he walked, he said with a bit of playfulness: "The dignified banks family head, hiding from Eastcliff to Southaven. It's not a small trouble!"

Banks (Butler) was very upset when he heard these words, but at this moment he didn't dare to fart more, and could only say respectfully: "Master is already waiting in the living room, please come with me."

Without even looking at him, the man walked straight into the door of the villa.

Passing through the yard and coming to the front entrance, Banks (Butler) ran a few steps first and opened the door respectfully.

The man stepped on his hard tactical leather boots all the way through the hallway, and saw the old man Banks who was sitting in the living room.

Master Hett, who was next to Mr. Banks, just glanced at the man, and he was shocked!

He felt that the aura of this man was definitely the only thing he had seen in his life!

Maybe even the four-star warrior may not be his opponent!

As a result, he couldn't help exclaiming in his heart: "What is this guy's background?! Why is he so young and so powerful?!"

Elder Banks also didn't expect that the so-called hall master in the other party's mouth was a 27-year-old young man, so he frowned and asked, "This little friend, don't know why you want to see me?"

The man looked at Grandpa Banks, smiled, and said, "Grandpa Banks, don't you remember me?"

Lord Banks couldn't help frowning, thinking: "Is this guy still an old friend?"

However, no matter how he looked at it, he couldn't remember the intersection between this young man and himself.

So, he opened his mouth and said: "Forgive me for being clumsy, I really can't remember..."

The man smiled slightly and said, "More than 20 years ago, my father and Uncle Banks had a very good relationship.

At that time, Uncle Banks took the lead in the anti-ye alliance, and it was my father's first response."

Speaking of this, he said with a dim expression: "It's a pity that he didn't listen to Uncle Banks's persuasion. He had to compete with Bruce of the Wade Family in the futures market, but because he was too aggressive, he fell into Wade. In the well-arranged trap of Long Ying, all his family property has been lost..."

"Later, he jumped from the roof of the Bandung Group headquarters building. The Bandung Group was wiped out since then. Seven days later, my mother took a full bottle of sleeping pills on his first seven days and went with him. He was an orphan since then and was taken overseas by a relative..."

Lord Banks suddenly widened his eyes when he heard this, and blurted out: "Wanlong Group...you...your father is Manar?!"

"Yes!" The man suddenly shot two sharp sharp points in his eyes, and said sharply: "I am the son of Manar! Also his only blood in this world, Abbas!"

When Lord Banks heard this, he was completely relieved.

He didn't know much about Abbas, only had some impressions of his father Manar.

He thought to himself: "Thirty years ago, when Manar followed Zayn every day, I decided that Manar would not be a great weapon."

"This person is not protruding enough, thinking is not careful enough, doing things is not thorough, and lacks the overall situation, if it is not for the loyalty and loyalty of the way, it is impossible to carry him along.

"Manar was able to create a Wanshi Group with a market value of tens of billions later, thanks to the support and support of Zayn."

"It's just that this guy still hasn't made much progress. After the Banks family and the Wade Family were torn apart, in order to show loyalty, he dared to compete with Bruce in the futures market by himself, and ended up losing and bankrupting his family."

"At that time, Manar's funeral was presided over by Zayne, but what I didn't expect was that Manar's wife also took medicine to commit suicide on the day of his first seven days."

"At that time, Zayne was indeed very guilty and told me that he wanted to adopt Manar's only son,

"It's a pity that after that, Abbas evaporated directly from the world, and no one knows where this child has gone."

"But who would have thought that after twenty years, this kid would take the initiative to find me!"

"Furthermore, listening to what He said, this guy seems to have a lot of background, one of his subordinates, the strength is far higher than Master Hett!"

"Could it be... Could it be that this Abbas is doing well now?"
