

The Amazing Son In Law (Charlie Wade)

Chapter 3390-3391

Abbas's ambitions immediately made Lord Banks extremely excited.

Even he didn't dare to do such outrageous things to the Wade Family.

Think about it and know that if someone in this top wealthy circle grabbed all the ancestral graves of another family, and also spread their ashes, and finally occupied their ancestral tombs, it's damn good. Is there a king's law?

And if you really do such a vicious thing, how will you get mixed up in this circle in the future? Who would cooperate with such a person?

After all, this is a beast who is about to dig the graves of his ancestors at every turn.

However, even though Lord Banks felt that Abbas's revenge plan was really shocking, but when he thought that the object of his revenge was the Wade Family, he almost screamed in excitement. "Now someone is going to dig out the ancestral grave of the Wade Family, and then force Lord Wade's old dog to wear sackcloth and filial piety to mourn Wanliancheng. Is there anything better in this world?"

"No, absolutely no more!"

"If all of this can really become a reality, then the Wade Family will be completely finished. What qualifications does the family that can't even guard the ancestral grave come out to be embarrassed?"

"Who will look at them in the future?"

Thinking of this, Lord Banks hurriedly stepped forward and supported Abbas, who was kneeling on one knee, and said with excitement: "Abbas! If you really want to do this, Banks will help yourself. Your parents ask for justice!"

Abbas shook his head and said seriously: "I want to avenge my parents personally, Grandpa Banks doesn't have to intervene!"

Lord Banks felt even more proud when he heard this.

In fact, he didn't want to participate in this kind of thing, because once he participated, he had to bear infamy with Abbas.

Abbas himself was a mercenary, and he didn't mix with the wealthy circles in the country, so people don't need to care about what people in the circle think of him.

What's more important is that Abbas is well-known as a teacher, after all, he wants to avenge his parents.

But if the Banks Family were also involved in this matter, it would be an unknown teacher.

Since it was an unknown teacher, it would naturally fall into the hands of others, and Lord Banks didn't want to get involved in such trouble.

So, he waved his hand and said readily: "You want to be able to avenge your parents. I understand this very well, but after all, your Pantheon is an overseas mercenary organization. If there ar

e any problems that cannot be handled in China, Contact me anytime!"

"Okay." Abbas replied, his eyes resolutely said: "Please don't worry, Grandpa Banks, after I pacify Wade's house, I will go all out to find Uncle Banks's whereabouts! My parents' funeral back then was all thanks to my parents' funeral. Uncle Su presided over the management. Later, when my parents' tomb was moved to Yeling Mountain, I also hoped that Uncle could be there to be a witness!"

"Good! Good! Good!" Lord Banks said with emotion: "If Zeayn knows that you have achieved this achievement today, and can return to China to avenge your parents, he will definitely be very pleased! You don't know that for so many years, Zayne has always felt distressed about the death of your parents. I don't know how many times he has talked about it in front of me..."

Abbas clenched his fists: "I will not let Uncle down!"

Having said that, Abbas stood up and said, "Uncle, when I came here today, it was so disturbing. Please forgive me. I just returned to China and there are still many things to deal with, so I won't bother too much!"
