The Amazing Son In Law (Charlie Wade)

Chapter 3420-3421

At this moment, the black-faced leopard king is in Yemen, and the golden lion king is in Palestine.

Seeing Chen's call to himself, Abbas immediately smiled and said, "It seems that our Blue Eyed Wolf King is going to send me the latest news today! Since he entered Syria, he has been utterly devastated and powerful. At present, the situation in Syria has been advanced for most of the time, and the remaining opposition groups are no longer in the air. If you want to come here for a few days, you will be able to eliminate them all in one go!"

After all, he was in a good mood, immediately took the call from the white tiger king, and said with a smile: "COCO, how many victories have he fought today?"

Chen on the other end of the phone said with ashamed tone: "Hall Master! Today, the Gorka army encountered unprecedented resistance in the fortified battle against the Hunter (Hamid) armed forces. Gorka died in the battle and the Wanlong Palace lost a total of 1,530 Four elites! This is because of ineffective command under the command, please also the Lord to punish!"

Abbas's expression suddenly became extremely gloomy.

He asked coldly: "What are you talking about? Gorka is dead? More than 1,500 soldiers have been lost?! Are you kidding me?"

"Hall Master, this... is not a joke..." Chen said painfully: "As far as I have learned, they attacked an opposition base normally by means of coordinated infantry this time, but they did not expect the other party to build it. The powerful permanent fortifications, shelling did not cause a substantial blow to the opponent, and then the other side relied on the permanent fortifications, which caused a heavy setback to our side in the course of our offensive..."

Abbas asked sternly: "How did the Army die? He was a five-star warrior, was he also shot and killed by the enemy hiding behind the fortifications? As our supreme commander in this war, did he personally charge into the battle? ?!"

Chen sighed and explained: "Hall Lord, after the frontal attack was ineffective, Gorka led a thousand soldiers to intersect from the side of the enemy, but unexpectedly, the other side also built a large number of hidden fortifications on the side, and they strayed into the enemy. Fang surrounded the circle with firepower and was slaughtered unilaterally by the opponent, and the Gorka could not escape..."

Speaking of this, Chen continued with grief and indignation: "The scouts on the Syrian side took pictures of the enemy cleaning the battlefield. Our brother died terribly. Everyone was shot more than a dozen rounds, and this bunch of bastards. It is too inhumane. When cleaning the battlefield, not only the weapons and ammunition of our soldiers were collected, but their pants and boots were also stripped off. It is really inferior to a beast!"

Hearing this, Abbas grabbed the wine glass and threw it to the ground. He immediately stood up and yelled: "What a shame! What a shame!"

"You are all the elites of the elites carefully cultivated by my Wanlong Temple. The Gorka is even a top five-star warrior, who will be beaten like this by a rubbish armed force in Syria, and 1,500 elites died in battle.

And even a five-star warrior died. This has never happened in the history of Wanlong Palace! Even on the most tragic battlefield, we have never lost a five-star warrior!"

Speaking of this, Abbas was so angry that his veins were violent. He gritted his teeth and asked: "Are you worthy of the reputation of Wanlongdian in the global mercenary field for so many years of hard work?!"

Chen said with embarrassment: "Hall Master! This time it is my improper command. I am willing to accept all punishments. Even if you dismiss me on the spot, I have no complaints..."

Speaking of this, he turned around and pleaded: "It's just the lord...I beg you to give me another chance, give me a chance to avenge my brothers personally! Give me three days, within three days, I He must take down Hunter (Hamid)'s base and use Hunter (Hamid)'s head to pay tribute to his dead brother!"
