

The Amazing Son In Law (Charlie Wade)

Chapter 3426-3427)

Soon, Abbas, who was extremely angry, took his men and drove to Eastcliff.

On the way, Abbas received a video from Chen from Syria.

This is the picture taken by the Syrian scouts near the position in the west wing of Hunter (Hamid).

When he saw the soldiers under his command and even the five-star warlord being stripped off the clothes and thrown into the cliff like a dead dog, Abbas's lungs were about to explode!

He said with a gloomy expression of anger, "Tell me my order to Chen ! Be sure to annihilate this Hunter (Hamid) and his armed forces completely, leaving none of them! At that time, I will use their corpses to pay tribute to these dead brothers!"

The herald next to him immediately said: "Yes, the lord! I will convey your order to the Blue Eyed Wolf King!"

Abbas squinted his eyes, his fingers kept shaking an old gold ring on his left middle finger, and he muttered: "If I am not about to avenge my parents, I will go to Syria and kill this myself. Mead!"

Hunter (Hamid) at this time didn't even know that he had become the enemy that must be eradicated in the eyes of the Lord of the Ten Thousand Dragon Palace.

He only knew that the enemy retreated, he won, and it was easy to win.

As soon as the front and west wing positions were cleaned up, he found that he had killed more than 3,000 enemies, while the number of soldiers he had lost was less than 100.

This is the biggest victory he has experienced so far, none of which is enough for him to brag for a lifetime.

The soldiers under him were also rejoicing.

I thought it was going to be completely cool this time, but I didn't expect to have won a big victory. This was a great boost to morale.

Zayne, who had been hiding in the tunnel on the reverse slope, was finally relieved at this time.

He was really afraid of Hunter (Hamid)'s defeat, and then he was killed as a soldier under his command.

But now it seems that it is safe for the time being.

Although the war was a great victory, it is a pity that Hunter (Hamid)'s base house was almost 80% destroyed by artillery fire.

The living quarters of most soldiers are gone, and some materials and personal belongings that were too late to be withdrawn are also gone.

Seeing the base become a ruin, Hunter (Hamid) felt somewhat regretful.

However, he was also very clear in his heart that this kind of dirt house built in the valley was just like a piece of paper under the enemy's artillery fire, but it was strange that it could be kept.

Moreover, according to the current trend, I am afraid that in the future, you will have to live in the tunnel, because the tunnel is really safe.

Therefore, seizing the time to continue digging tunnels and preparing fortifications has become an urgent matter for him now.

Therefore, on the front slope of the mountain, the cleaning of the battlefield is not over yet, and on the reverse slope of the mountain, the engineers and the construction team from Iraq began to take up jackhammers and work hard.

At the same time, Hunter (Hamid) quickly called Charlie.

As soon as the phone was connected, he reported to Charlie excitedly: "Brother , the enemy has retreated! I won an unprecedented victory! Thanks to you!"

Having said that, he gave a detailed report to Charlie on the specific situation of the war.

When Charlie heard this, he was relieved and a little surprised. He didn't expect that the well-trained Wanlong Palace could suffer such a big loss in Hunter (Hamid)'s hands.
