

The Amazing Son In Law (Charlie Wade)

Chapter 3448)

At the same time, the cemetery on the outskirts of Eastcliff.

Wearing a black suit and black sunglasses, Abbas, holding a bunch of white chrysanthemums, walked to a cemetery where the husband and wife were buried together.

Behind him, followed by a dozen young men who also wore black clothes. These people were yellow, white and black, and even a few brown people, each of whom looked extraordinary.

Among them, Salmaan, the white tiger king who usually loves white clothes, also changed into black clothes from head to toe.

Abbas stood slowly in front of the tombstone, looking at the words and photos on the tombstone, two lines of tears were drawn under his black sunglasses.

He was stunned for a moment, knelt down on the ground, took off his sunglasses, and choked with red eyes, "Dad... Mom... My son came to see you! My son is not filial... I haven't been able to come back to see you for so many years. I hope you can forgive me..."

After speaking, he leaned down and knocked his head three times in front of the tombstone.

Immediately afterwards, he raised his head, stroked the photos of his parents on the tombstone, and said resolutely: "Dad and mom, my son has been overseas in recent years, and he has also made some achievements! The Wanlong Temple established by his son is now The top five mercenary organizations in the world have tens of thousands of soldiers under their command. This time my son will not only take revenge for you, but also rob the Yeling Mountain of the Wafe family, and move the two of you beautiful and graceful to buried there for burial! You must let Quan Yanjing, Quan Huaxia and even the whole world witness that the Wade Family paid a huge price for your death!"

After that, he wiped away his tears and said seriously: "Dad, Mom. Please wait a few days. On the day of Qingming Festival, my son will take you to kill Yeling Mountain!"

At this time, there was a rush of prompt sound from the white tiger king Salmaan's Bluetooth headset.

Hearing this sound, his brows instantly frowned.

He knows that this sound is an emergency notification sound that is only used when a major emergency occurs. Generally, as long as this sound sounds, it is not a good thing.

Afterwards, he turned around slightly, took the phone out of the inner pocket of the suit, and looked down, he was shocked!

The information was sent by Chen.

He was going to directly call Abbas to report the battle, but Abbas's cell phone was turned off before entering the cemetery, so he sent the information to Salmaan.

In the message, Chen stated the battle situation very directly. The content was: "Salmaan, please report to the palace lord on my behalf: Our 1,000 elites parachuted and raided the Hamid tribe one hour ago. In the south wing of Hamid, The North Wing Mountain was ambushed, and the enemy used a large amount of powerful explosives to kill and wound a large area. Our 1,000 elites have now been wiped out!"

Salmaan was extremely surprised.

He couldn't understand that Chen, who followed the Wanpo Army to the north and south and had countless battles, would suffer two defeats in Syria!

In the history of the Wanlong Temple, this is absolutely unprecedented!

As a result, the Wanlong Palace killed more than 2,500 people in a single day of civil war, which is almost equal to the annihilation of two standard regiment-level organizations!

When such a major event happened, his first thought was to report to Abbas as soon as possible.

But once again, Abbas was paying homage to his parents, and he suddenly hesitated again.
