

The Amazing Son In Law (Charlie Wade)

Chapter 3466)

The reason for seeing Feng Shui did not arouse family suspicion.

Although Claire didn't want Charlie to continue running around to show people Feng Shui, he knew that he couldn't force Charlie, so he didn't say much.

Charlie simply packed two pieces of personal clothing, and was about to go out early in the morning before dawn. Who would have thought that Claire would quietly set an early wake-up alarm clock, quickly got up from the bed, and insisted on sending Charlie to the airport.

Seeing her firm attitude, Charlie did not refuse. When the two agreed to go to the airport, Charlie drove. When they arrived, Claire drove back directly. Charlie's reason was that he didn't need to waste time to park in the parking building. You can stop directly at the gate of the departure area and leave immediately.

Claire agreed, and the couple left the house together.

Claire thought that Charlie was only going to Rongcheng, and didn't know that her husband was going to Syria, so he introduced the special snacks of Rongcheng to Charlie on the way, so that he could try it if he had time.

When arriving at the airport, Charlie parked his car on the side of the road in the departure area, and said to Claire: "Okay, you can drive home quickly, while it's still early, you can make up for a while."

Claire nodded, and both of them got out of the car. Claire switched to the door of the cab and asked Charlie before getting into the car, "How long will you be back husband?"

Charlie thought for a while and said, "If it's fast, it's a day or two, if it's slow, then it's two or three days. The main reason is whether the Feng Shui situation on their side is tricky or not. If it's tricky, it might be a few days later."

"Okay." Claire nodded lightly, and said: "Then you have to take care of yourself these days, eat regularly and go to bed early."

"Okay." Charlie agreed, and told her: "When you go back, drive carefully."

"Well, I know!"

After Claire finished speaking, he reluctantly got in the car and left.

Charlie kept watching her car go far, only then took a step towards the corporate jet building.

At this time, Wade Family's precious Concord Technology had already made all the preparations before taking off.

Charlie passed the security check from the VIP channel. After boarding the plane, it was six o'clock in the morning time, and Syria was five hours behind China at this time, and it was one o'clock in the night.

Charlie felt that there was a high probability that Hunter (Hamid) would not go to bed so early, so he used the satellite phone on the plane to call Hunter (Hamid).

Hunter (Hamid) received a call from an unfamiliar number. After the call was connected, he said vigilantly: "Hello?"

Charlie immediately said, "Hey what, it's me."

Hunter (Hamid) said excitedly: "Oh, brother Wade! Why are you calling me at this time?"

Charlie said: "I'm on the plane right now, and the plane will take off to Lebanon's Beirut Airport. After I arrive at Beirut Airport, I will immediately switch to another plane to go to Syria, and I will be at your base just like last time. Parachuting in the sky, if fast, I should be able to arrive before dawn local time in Syria."

"What are you talking about? Are you coming to Syria?" Hunter (Hamid) was so excited to hear this, he blurted out: "Brother Wade, didn't you just tease me?"

"Of course not." Charlie said seriously: "I am going to bring Zayne back this time. By the way, I will also take a look at your situation."

"It's great! It's great!" Hunter (Hamid) said excitedly and impatiently: "I dreamed that you could come to the scene to help me give pointers, but I have never dared to expect it. I didn't expect it to happen!"
