

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3485 )

More than half of the soldiers on Hunter (Hamid)'s side. Can it be the same thing if you don't even know the word? The gap is much larger than the gap between the United States and Zimbabwe!"

Charlie snorted and said calmly: "That's how it is."

Speaking of this, he was very curious and asked Shivam: "By the way, I have a question that I don't understand. Can you please ask."

Shivam hummed: "Let's talk about it!"

Charlie smiled and said: "Since your Wanlong Palace is so strong, why are you defeated one after another by a group of illiterate illiterates, and you have suffered heavy losses?"

If I remember correctly, you should have lost more than 2,500 people. , There is another five-star general, right?"

"You..." When Shivam heard this, he became angry and furious, and sternly reprimanded: "You just won twice by relying on insidious and cunning means. This account, our Pantheon will make it clear with you sooner or later! "

Charlie smiled and said: "Then we are too welcome, you don't know, now our soldiers are complaining about itchy hands every day, and they want to kill a few soldiers from the Wanlong Palace to have fun, but you are too embarrassed, wait.

I haven't waited for so many days before you start charging again. To be honest, your Wanlong Palace is really disappointing."

Shivam cursed with red ears: "Boy! Please pay attention to what you say!"

Charlie frowned, and said disdainfully: "Pay attention to you?"

What are you?! I came here today to negotiate with you, not to see you pretending to be!"

With that, Charlie continued with an unhappy expression: "Just go away, we don't have to talk with you in the Wanlong Palace, you can continue to fight in the future, you can also continue to stalemate, no matter how you decide, we will accompany you to the end. From now on, I will only talk to representatives of the government forces!"

Shivam didn't expect Charlie to turn his face when he said that he turned his face, and his attitude was still so tough. For a while, he was angry and anxious.

He knew that his leader Chen , even the palace lord himself, did not want to negotiate with Hunter (Hamid).

But the current situation is that Wanlongdian can't tear himself apart with the government forces because of the peace talks.

Otherwise, once the government forces turn their faces, the establishment of a base in Syria by Wanlongdian will be ruined.

Therefore, even if deep down in the heart to resist the peace talks, Wanlongdian must pretend to be, and then find a way to drag it after April 5.

If it is because of his own remarks that Hunter (Hamid) is directly unwilling to continue the talks with Wanlongdian, and instead negotiates with the government army, then the situation is too passive.

Therefore, he could only bite the bullet and said with an apologetic expression: "Brother, we are all Chinese compatriots who risked their lives overseas to eat together. There is no need to make trouble so unpleasant, right?"

Charlie said coldly: "It's true that they are all Chinese, but I just don't look down on your kind of rubbish compatriots! When you go out and meet your compatriots, you will ridicule your compatriots and talk badly at first, and you will rely on your compatriots to find a sense of existence. I think You are the kind of trash that pits your compatriots as soon as you come out!"

shivam is also a three-star warrior in the Wanlong Temple, when was he criticized like this?

However, he really didn't dare to stare at Charlie now, after all, if he really delayed the peace talks for his own reasons, he would not be able to bear this sin.

So he had to smile and said: "Yes, yes, I shouldn't have done this, I apologize to you! The main reason is that our Wanlong Palace has indeed suffered a heavy loss, so I feel angry in my heart, and I hope you can forgive me. ..."

Charlie glanced at him disdainfully, and said coldly: "Remember, when you go out in the future, be a low-key and kind person, and don't shame the Chinese compatriots!"

"You are right..." shivam nodded and said with a bow: "Don't worry, I will be a low-key person and do things kindly in the future..."

After finishing speaking, he resisted the humiliation and said to Charlie imploringly: "Brother, what happened just now was my fault. I have realized my mistake, so please don't be familiar with me. Now time Urgently, our commander and government army commander are waiting, why don't we hurry up, what do you think?"
