

The Amazing Son In Law (Charlie Wade)

Chapter 3496)

Chen was startled when he heard Charlie's words, and then said with a sneer: "You think very well, but he can't come alive!"

After finishing speaking, Chen said again: "Even if... even if you tell this matter... to the highest level of the government army... they... they won't believe you... the enemy's side words!"

"The only one who can...the highest level of the government army...believe this is him!"

"But... he is dead! The dead man... can never be said!"

Charlie curled his lips and said lightly: "It's okay, it's only a few minutes. It's still cold, and I'm saved."

"Impossible!" Chen couldn't hide his horror and blurted out: "Although I didn't use my full strength, his heart has been thwarted, and can't be saved!"

Charlie smiled and asked him: "The reason you didn't use all your strength just now was because you wanted to blame me?"

Charlie said to himself like: "I was wondering just now, how did you old dog say that you are also a six-star warrior. If you really punch out with all your strength, I'm afraid you can just hit his heart out. The hole of blood came out, and the reason why you deliberately used a little less effort on your hands is definitely to reduce the suspicion of others about you and to make it easier to blame me, right?"

Chen said stiffly: "Yes, I...I just want to blame you! Let you and Hunter (Hamid) carry this black pot! If you kill me, you will carry this black pot stronger!"

Charlie sneered and said, "You think too much, no one can let me take Charlie to the back!"

After all, Charlie said again: "Don't worry, I won't kill you, because you are still useful to me!"

Chen sneered: "Huh! You are nothing more than...just want to hold me up and escape from here. After all, you are a courageous rat!"

Charlie stretched out a finger and shook it a few times, then smiled: "You guessed it wrong. Originally, I really thought so, but I didn't expect that you fool would jump over the wall in a hurry and take the initiative to attack the government army commander. You Isn't this just giving me all the initiative?"

Speaking of this, Charlie raised his eyebrows and said with a smile: "So I don't plan to hold you out now, but plan to borrow your hand to take all of your 5,000 people in the Wanlong Temple in the Middle East. Get rid of!"

Chen blurted out, "Look at my hand? You don't dream anymore! I would rather die! I will never betray my brother!"

Charlie sneered and said, "Will you betray? I can't help you!"

After that, Charlie stared into his eyes and shouted sharply: "Kneel me down!"

As soon as these four words were uttered, Chen felt a burst of inexplicable power pouring into his brain, and then his legs softened involuntarily.

Charlie transferred the aura into his brain, but because he had not been able to replenish the aura very well in the past few days, the aura in his body was not sufficient, and the constant output made him almost in a state of overdraft.

Fortunately, Chen at this time had become a useless person. For Charlie, it was not too difficult.

But even so, Charlie secretly thought in his heart that he would put the refining of the pill of cultivation on the agenda when he returned, and it is best to refine it as soon as possible, otherwise he would encounter this kind of six-star warrior or seven-star warrior again, if there is no aura. For help, you can only choose to head to head.

At this time, Chen felt that the mysterious power entering his brain was getting stronger and stronger, and his heart was extremely desperate, because he didn't know why, his knees seemed to kneel on the ground uncontrollably.

He was almost crying, and asked desperately: "This is...what's going on...you...what did you do to me..."

Charlie said coldly: "I plan to brainwash you with aura."
