

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3497 )

After speaking, Charlie explained in detail: "I will seal all your personal consciousness, but you can rest assured that after the sealing, you will retain all your memories, but your body will be completely out of touch with your consciousness. Everything in his body will obey my command;"

"At that time, although your own consciousness is clear about everything, you have nothing to do."

"In other words, your consciousness will be completely sealed in your brain. As long as I don't give up, you will never be free."

Chen 's whole person was suddenly desperate, his eyes were full of endless panic, and he cried and asked: "You...how do you have aura?! Isn't that a power that only exists in the legend?! You...what exactly are you? people?!"

Charlie shook his head and sneered: "I am your father!"

Chen panicked completely. He cried and said, "No, please don't block my consciousness, I don't want to be a living dead, please forgive me, as long as you are willing to forgive me, I will listen to you.

I can make all the soldiers of the Ten Thousand Dragon Palace outside immediately disarm and surrender, let you send them off, please let me go... please..."

Charlie smiled and asked him: "You really want to listen to me in everything?"

Chen nodded without hesitation and promised: "I swear to God, I will listen to you everything, and I will do what you ask me to do!"

Charlie smiled and said seriously: "To be honest, I don't believe you very much.

How can someone like you, even your own partners, be able to fulfill their promise?"

Chen pleaded with a breakdown: "I swear to God, I really do everything to you, please believe me... I really don't want to be trapped in my body forever... Please..."

Charlie snorted and said: "I'm sorry, I still don't believe you."

After all, Charlie's fingertips once again input more aura into Chen 's brain.

Chen 's expression went from extreme horror, and soon gradually calmed down, and then turned into a dull and blank face.

Charlie released his hand at this time, pointed to the government commander lying on the ground, and instructed Chen : "Go and bring him over and put him on the conference table."

At this time, Chen , his consciousness could hear what Charlie said and could receive the vision that his eyes saw, but he couldn't control his body at all.

I could only watch my body under Charlie's name, and immediately stood up, walked to the commander, picked him up with difficulty, and placed it on the conference table in front of Charlie.

His self-consciousness has been horrified, and he is also desperate.

However, now he has no way to change all this, he can only stay in his body honestly like an unrelated passenger.

And his body at this time has also been destroyed by meridians, and the physical quality of his whole person can only barely be regarded as an ordinary person.

As for the commander of the government army, his complexion was a little black and purple.

His heart suffered a sudden arrest and caused his brain to lack oxygen. Generally speaking, the best time for this situation is only four to six minutes.

If four to six minutes can make the heart beat again, there is a certain chance of being able to survive.

However, his heart is severely damaged, and his body organs are extremely deprived of oxygen, and he has reached the brink of biological death.

Normally, this situation no longer has the possibility of resuscitation.

But to Charlie, this wasn't a big problem.

Charlie felt that if he didn't save him, he could also let Chen take him away easily, and even let Chen order the Wanlong Temple to disarm, or let Chen personally escort him to take Zayne away.

However, after deliberation, Charlie felt that the Wanlong Palace could not be so cheap.

Now, only this government army commander knows the true face of the Wanlong Temple.

If he were to be rescued, the government army would definitely turn their faces with Wanlongdian.

And he happened to control Chen again.

If done properly, all these 5,000 Wanlongdian soldiers can be packaged and sent to the government army!
