

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3509 )

“Understood.” Charlie said casually: “I will only attend the ancestor worship ceremony this time.

I will not participate in such matters as engagement. Please help me to say hello to them in advance.”

Stephen Thompson hesitated for a moment, and persuaded: “Master, if you are not that busy, you’d better take part in it.

Otherwise, I’m afraid it’s not justified in terms of face.”

“No.” Charlie said firmly: “I don’t want to have too much involvement with the Wade family. This ancestor worship ceremony is private, plus the ability to worship my parents, so I agreed to participate. Other things, I won’t follow along.”

“Okay.” Stephen Thompson knew that it was difficult for him to persuade Charlie, so he asked, “Master, when will you come over?”

Charlie said lightly: “I will arrive in Eastcliff on April 3rd.”

“Okay!” Stephen Thompson said excitedly, “I will pick you up at the airport then!”

Charlie said casually: “I’ll talk about it when the time comes. Butler , I still have something to do, so I’ll hang up first.”

After bidding farewell to Stephen Thompson, Charlie immediately stood up and said to Hunter (Hamid) and Said: “You two must live together peacefully in the future. This is the most beneficial situation for both parties.”

After speaking, Charlie said again: “In addition, the five thousand people in the Wanlong Temple will definitely bring great benefits to the government army. This is also a great boost to the government army’s economy. So from now on , Both of you can immerse yourself in the development of infrastructure and economy, and there is no need to fight back and forth.”

Hunter (Hamid) nodded without hesitation and said: “Don’t worry, brother, I must keep your teachings in mind!”

Said also spoke up: “In fact, we don’t want to call back and forth all the time. It would be great if we can negotiate!”

Charlie nodded and said, “Then you should hurry up and sign the peace agreement.

I have some important things to do. I must return home immediately. Hunter (Hamid), please help me prepare a helicopter and bring Zayne out. I Take him back.”

Hunter (Hamid) reluctantly said, “Brother, are you in such a hurry? Look at my brother, I haven’t been able to take care of you well!”

Charlie waved his hand: "Next time, this time the situation is indeed urgent and the delay will be huge."

Hunter (Hamid) nodded in understanding, and said seriously: "Okay! Big things matter! I won't keep you!"

Having said that, he immediately called his adjutant and said, "Hurry up and arrange a helicopter to send Mr. Wade to Beirut!"

Just as the adjutant was about to take the order, Said hurriedly said: "Master Wade, or you should take my helicopter and go. After all, our current peace talks have not been announced to the public. This way, if someone recognizes General German's helicopter, it's hard to do an attack when his brain is hot, and it's absolutely safe to fly on my plane."

Charlie is Said's lifesaver and helped Said make great achievements in the army. Said is very grateful to him.

This was even worse than Hunter (Hamid), who was healed by Charlie's lame.

Charlie nodded lightly, and said: "Then i will take your helicopter and go."

Said hurriedly said, "Master Wade, I'll give it to you!"

Hunter (Hamid) said without hesitation, "Brother Wade, I'll go too!"

Charlie nodded, looked at Chen , and said coldly: "You follow me."

Chen said without hesitation: "Okay! Everything is up to you..."
