

The Amazing Son In Law (Charlie Wade)

Chapter 3511)

He knew that Charlie's trip to Hunter (Hamid)'s base must be very dangerous, and Hunter (Hamid) and the government forces are in a stalemate. Tens of thousands of people have blocked the water surrounding his base. Now the outside world has not received any information about the peace talks between the two sides. News, so Anthony was afraid that Charlie could get in and could not get out.

After the plane took off, Charlie called him and asked him to seize the time to arrange the flight crew of Concorde to prepare for take-off, and take off immediately after an hour.

Anthony asked in surprise: "Young...Master, have you come out of Hunter (Hamid)?"

"Yes." Charlie said lightly: "I will arrive at Beirut Airport in about fifty minutes. I will seize the time to get the plane ready for takeoff. Don't delay."

Anthony asked subconsciously, "Master...you...how did you come out?"

Charlie said indifferently: "You don't need to ask more about this, you will know in a short time."

"Okay..." Anthony hurriedly said, "Then I will go to the airport and wait for you!"

Anthony immediately went to the airport and arranged for the plane to prepare for take-off. Soon, Charlie arrived at the airport smoothly by helicopter.

Anthony never dreamed that Charlie was riding a government helicopter, and when he saw Charlie and Zayne, he couldn't help feeling even more.

He really didn't understand what kind of magical powers his young master had that could bring Zayne out of the tens of thousands of people intact.

And Charlie was accompanied by a middle-aged man, but Anthony didn't know Chen , so he didn't know his identity.

Anthony wanted to ask what was going on, but Charlie seemed to be in a hurry. He just got off the helicopter, and just said something hard to Anthony, and then took the two people aboard the Concorde.

Immediately afterwards, Charlie urged the crew to seize the time to take off and return to China as soon as possible.

When the Concorde took off from Beirut Airport, Abbas, who was far away , was anxious about the loss of Chen .

He knew that Chen was going to negotiate with Hunter (Hamid) together with government representatives today, and he did not want the two parties to shake hands and make peace, so he asked Chen to drag him for a few more days anyway. Once the Wade Family is settled, he will personally travel to the Middle East to solve Hunter (Hamid).

He hadn't waited until Chen 's report, which made him somewhat anxious, so he asked his subordinate Salmaan to try to contact him several times, but he could not be contacted.

But the strange thing is that none of the other middle and high-level people in the Wanlong Temple can be contacted.

Salmaan was worried about whether there was a major change, but Abbas felt that even if the change happened, it would not be possible for all 15,000 people to be out of the change. After all, these 5,000 people are all elites of the Wanlong Palace. How could a group of crooked melons and dates threaten them?

Therefore, he is more willing to believe that there should be a communication failure in the Middle East.

However, after waiting for another two or three hours, there was still no news, which made Abbas feel more and more weird.

So he immediately called Salmaan and said coldly: "Salmaan, you immediately rushed a few people from Jerusalem to see what happened!"

After speaking, he said sharply: "No matter what happens, Chen must be held responsible for losing contact for such a long time!"

Salmaan was about to speak. At this moment, someone suddenly rushed in in a panic, and said nervously, "Hall Master, something big has happened in the Middle East!"
