Just when the government forces captured 15,000 Wanlongdian elites in one fell swoop, which caused a huge sensation in international public opinion, the Wade Family's slender and graceful Concorde airliner landed smoothly at Aurous Hill Airport. .

When the plane stopped at the end of the runway, a helicopter had been waiting in the parking lot for a long time.

The identities of the two people Charlie brought back from the Middle East were very sensitive.

Zayne is the son of banks's family. Since his disappearance, the entire Banks Family and even the entire society have been looking for his whereabouts. Once the news of his appearance in the country at this time leaks out, it will definitely cause a huge sensation.

As for Chen, there may not be many people who know him in China, but there are too many people who know him abroad. He himself is one of the four kings of the Wanlong Palace and is well-known overseas, and he has 15,000 people. He was captured by the Syrian government forces just after the reorganization, which made him famous in another way. Once it is known that he appeared in China, it will not only cause great attention, but also cause the Wanlong Palace. Chase.

Therefore, Charlie asked Isaac Cameron to arrange a helicopter in advance. Once the plane landed, he immediately used the helicopter to take the two people to the dog farm , without contact with any outsiders during the whole process.

Before the two got off the plane, they had been put on thick black headgear to ensure that even with any surveillance camera system, it was impossible to take pictures of their faces.

Afterwards, Charlie dragged the two of them off the Concorde and directly boarded the helicopter that had been waiting for a long time.

Immediately afterwards, the helicopter quickly left the airport and ran towards Don Albert 's kennel.

Don Albert's kennel has undergone reconstruction and expansion time and time again, and now the internal scale is getting bigger, the functions are getting better and better, and the level of confidentiality is getting higher and higher.

After the helicopter stopped on the apron in the center of the Farm, the entire apron was like an elevator, slowly sinking to the ground, and then, the upper hand lifted up a row of huge folding hoods to lift the entrance Completely blocked.

I heard that today Charlie is going to send two guests over to stay for a few days. Don Albert got up early in the morning before dawn to prepare. At this time, he was also waiting for Charlie's arrival under the apron.

Upon seeing Charlie, Don Albert immediately took a step forward and said, "Master Wade, the guest room you want is ready, and one of them is next to that James."

"Very good." Charlie nodded, took off the black cloth bag on Zayne's head, and said to Don Albert: "This is James's eldest brother, Zayne. The two brothers probably haven't seen each other for a while. Arrange first. Their brothers meet again."

"Okay!" Don Albert immediately greeted his confidant and said, "Take him to 105!"

"Okay, Fifth Master!" The confidant replied respectfully, and then took a step forward, dragging Zayne, and sternly instructed: "Follow me, don't dare!"

Don Albert looked at Charlie's side and another Chen with a black cloth bag on his head, and asked Charlie respectfully: "Master Wade, how do you arrange this?"

Charlie said calmly: "This one is more obedient, so let him learn how to clean with Kobayashi Jiro, and let him work here in these two days, and I will take him and Zayne to Eastcliff the day after tomorrow."

"Okay!" Don Albert nodded, and said to the other subordinate: "Go, call Kobayashi Jiro over."
