

The Amazing Son In Law (Charlie Wade)

Chapter 3521)

“At this time, I just want to ask for money. White-eyed wolves are not as f*cking as they are?”

Salmaan said quickly: “Hall Master, our gang are mercenaries in themselves...”

“These people used to be special forces of various countries. When they served their country of allegiance, they did have a strong sense of collective consciousness and sense of collective honor...”

“But... but that’s not a feeling that came out of nowhere...”

“That is their love and loyalty to the motherland that they have accumulated from childhood to adulthood, 20 to 30 years, or even 30 to 40 years...”

“But after they became mercenaries, their purpose was very simple, just to make money...”

Salmaan said so many times, he couldn’t help sighing, and then said: “This is like those women who fall into the dust. People talk about feelings before they go to the sea, but since they are sold, they are for making money. If we don’t give money and still want them to talk about relationships with us, it’s really not realistic...”

When Abbas heard this, his expression turned red and white.

He naturally knew the meaning of Salmaan’s words, and he also understood.

If you don’t give money, you want mercenaries to serve yourself. That’s idiotic dreams.

However, he really cannot accept greater losses now.

If everyone is gone, how will Wanlong Palace develop in the future?

It’s just that this group of people is a bit too unsympathetic.

As soon as something went wrong, they immediately demanded that they must be paid at 70% of their normal salary.

For these tens of thousands of people, the daily salary cost would have to exceed 100 million U.S. dollars.

In addition, the 15,000 people in Syria will have to spend money to find a way to rescue them. Coupled with the huge losses that have been caused during the war, this amount will increase exponentially.

The most damn thing is that all countries are reluctant to cooperate with Wanlongdian, and the subsequent income is almost cut off. Who knows when it will stop to make a turn?

Calculating in this way, the combined losses this time around, billions of dollars may not be able to hold down.

Thinking of this, Abbas felt extremely uncomfortable.

The Wanlong Palace encountered such a major difficulty that he couldn't solve it immediately, and this feeling of being beyond reach made him extremely painful.

At this time, Salmaan persuaded: "Hall Master, I think you might as well agree to their request first. In extraordinary times, it is acceptable to spend more money. The American Blackwater Company has always wanted to dig our people. Many countries in the Middle East have orders from the White House, and they are short of manpower. If we can't stabilize the military spirit, I'm afraid they will just jump to Heishui!"

Abbas nodded coldly, and said, "Just do what you said, let everyone take a rest after they withdraw from the front line. During the rest period, we will pay 70% of the compensation. Other things, I'll talk about it when I go back!"

Having said that, Abbas looked at the date on the watch again, and said silently: "Today is April 2nd, and there are still three days left before the Ching Ming Festival. I will strive to be on the day of Ching Ming Festival on April 5. To solve the problem, we can set off for Syria on April 6th and April 7th at the latest!"

"No problem!" Salmaan said without hesitation: "At that time, we will kill Yeling Mountain together and force the Wade Family to let Yeling Mountain out. On April 6th, immediately move your parents' coffin in! "

Abbas waved his hand and said coldly, "Time is running out. I won't wait for April 6th. The day after tomorrow, you will invite my parents' ashes out and put them in my prepared coffin. On the 5th, carry them. The coffin of my parents is on Yeling Mountain! It happened that my parents were present to witness how I made the Wade Family kneel down and then threw Bruce's bones into ashes!"
