Wilfred ( LORD Elms ) said firmly: "Master , we have been waiting to share your worries! If you have anything, please tell me!"

Charlie said: "I will send two people to Eastcliff tomorrow night. These two people are very important to me, and their identities are more sensitive. Therefore, after arriving in Eastcliff, they must be under strict supervision. You must not leave the slightest noise. I thought about this matter best for your elderly, so I called and asked if it was convenient."

"Convenient, of course convenient!" Wilfred ( LORD Elms ) said without hesitation: "We came to Aurous Hill from Mocheng all the way to share your worries for Master and serve you. With so many favors from you, we have never had a chance. Thank you, I feel really sorry, so you can leave it to us. Wilfred ( LORD Elms ) guarantees that there will be no mistakes with my personality!"

Charlie said straightforwardly: "Okay! Since I have such a great time with the old man, then I won't talk nonsense. Excuse you and other family members to be prepared. Someone will pick you up to the airport tomorrow night and wait for you to arrive at Eastcliff. , Contact me in time."

Wilfred ( LORD Elms ) hurriedly said, "No problem, Master ! I will call Kairi Elms – Xion's Mom and ask her to prepare too."

Charlie didn't want Kairi to pass, mainly because she was afraid that after seeing Zayne, her mood would fluctuate.

When Wilfred ( LORD Elms ) heard this, he didn't think much about it, and immediately said, "Okay Master , then I will explain to Kairi Elms – Xion's Mom."

After Wilfred ( LORD Elms ) finished the call with Charlie, he called his daughter Kairi directly.

Wilfred ( LORD Elms ) said, "I called you just to talk about this. Master meant to let you stay in Aurous Hill and temporarily take over the training work of Don Albert and Isaac Cameron, so you don't have to go to Eastcliff with us. "

Seeing that Charlie had already made arrangements, Kairi said, "Okay, then you can rest assured to go to Eastcliff tomorrow, and I will leave everything here."

"Okay." Wilfred ( LORD Elms ) said: "Tomorrow you come to the villa early to check with your brother about the specific training situation. We will leave in the evening."

"Good!" Kairi agreed.

After hanging up the phone, Xion hurried forward and asked, "Mom, what did Grandpa say on the phone? Why did I hear you say that Master wants to help?"

"Yes." Kairi said, "Master asked your grandpa and your uncle to take other people to Eastcliff tomorrow. It seems to be that there are two more important people who need their escort."

Xion nodded gently, and couldn't help but muttered: "Mom, do you think Master will have any trouble? He hasn't asked Grandpa or them to do business for so long, and this time It's I went to, and I always feel very sensitive."

Kairi shook her head, and said, "I can't say that. Master didn't let me pass."

Xion hurriedly said, "Mom, I'll call Master , if he needs it, I want to go with him!"

Kairi said embarrassedly: "If Xion, you have forgotten Master's instructions. He still doesn't want you to show up. After all, your identity is very sensitive. He doesn't even want your grandpa and your brother-in-law to know that you are still alive. matter."
