## Chapter 3531 )

Xion said firmly: "Then I will also ask him, if it really doesn't work, I can pretend to be a maid next to him, or be an assistant if he can't be a man or a woman."

Kairi said helplessly: "Then you should ask Master by yourself, but you have to keep your sense. If you are not allowed to go at that time, you should not insist too much, lest he thinks you are ignorant."

"Good mom."

Xion responded and quickly took out his mobile phone, walked to the bedroom inside, and called Charlie.

Charlie was driving back to the city at this time.

Receiving Xion's call made him both surprised and as if it were reasonable.

Immediately, he answered the phone and asked with a smile: "xion, why do you call me at this time?"

Xion hurriedly said: Master , I heard that you are going to Eastcliff and asked my grandpa to help me in the past, so I want to ask you if you can bring me along? . "

Charlie thought for a while, and said, "Xion, your current identity is still very sensitive. The Japanese are still looking for you everywhere. I believe they must have a lot of eyeliner, ears and eyes in Eastcliff, so you don't want it for the time being. Come out and show your face."

Xion said anxiously, "Master , even though Xion's strength is not very outstanding, she will definitely not hold you back, and she will certainly be able to share your worries to a certain extent in the different degrees! Please take me with you, I can pretend to be in disguise so that no one will see it, please take me with you!"

Charlie said with a smile: "It's no big deal when I go to Eastcliff this time. It's nothing more than coming back in two or three days. You don't have to worry about me."

After speaking, Charlie added: "I promise you that after a while, after the limelight has passed, I will definitely take you with me if there is such a thing."

When Xion heard this, she knew Charlie would not change her mind, but fortunately, Charlie's last words left a bit of hope for herself, so she hurriedly said: "Then you must not forget! So long. I have been staying in the hotel for a long time, and my boredom is secondary. The main reason is that I can't do something for you. I really feel like I'm very useless..."

"Don't worry." Charlie smiled slightly: "You will definitely be useful in the future."

...

Just when Charlie comforted Xion, Lord Banks

, suddenly received a call from Abbas.

In the past few days, Bank's Butler lived like a year every day.

It wasn't because of a bad mood or a miserable situation that he felt this way again, but he had been looking forward to the early arrival of Qingming Festival.

Because, the day of the Qingming Festival will be the day when the Wade Family will completely withdraw from the stage.

Once the Wade Family fell, the Banks Family could continue to be the number one family in the country.

Moreover, with a powerful ally such as Abbas, he will not only be able to eliminate threats in the future, but also have the opportunity to rise to the next level.

Seeing Abbas's call, Lord Banks got on the phone with excitement, and said: "Pojun, what's the order for calling so late?"

Abbas said in a cold voice, "I am calling to inform you that on the morning of April 5th, I will move my parents' coffin into Wanling Mountain, and then bury my parents in front of Wade's family. On Yeling Mountain, my father always respects Uncle Banks. You are Uncle Banks's father, so I hope you will preside over the funeral ceremony of my parents at that time!"
