

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3535 )

However, he also knows another level of his identity. He is not only Charlie's grandfather, but also the Wade Family's Patriarch.

Since it is the Wade Family Patriarch, the Wade Family's interests must be the core.

As a direct descendant of the Wade Family, Charlie must return to the Wade Family and serve the Wade Family's interests.

What's more, Charlie is the future son-in-law recognized by the sun family. From this point of view, Charlie is even more important to the Wade Family.

Therefore, Lord Wade planned this time, regardless of whether Charlie was willing to return to the Wade Family, this time as long as he came, he must do everything possible to keep him.

And this time, Lord Wade was ready.

He plans to arrange for some photographers to take part in the ancestor worship ceremony on the day of the ancestor worship ceremony, and let them take some photos and videos of the ancestor worship ceremony. At that time, he will select the best effect and submit it to the media for publication.

In that case, not only would it be able to show the strength and demeanor of the Wade Family to the people of the whole country, it would also be able to expose Charlie and other Wade Family descendants together.

He felt that once Charlie's identity as the Wade Family Young Master was exposed, he would never be able to return to the identity of the orphan Charlie before.

Thinking of this, he gathered his family together, and said with excitement: "Haha, Charlie has already taken off to Eastcliff! I will arrive in Eastcliff in over an hour! He has been away from home for nearly 20 years and is finally coming back! This is really a blessing that my Wade Family has not seen in more than ten years!"

Cynthia Wade, who had a pleasant face originally, couldn't help but shudder when he heard the words Charlie.

Charlie's uncle, Corran Wade, said at this time: "Dad, you're a bit serious. Of course it's a good thing for Charlie to come back, but it's not a big blessing that we have not seen in the Wade Family in more than a decade!"

Lord Wade smiled and said calmly, "You don't understand the potential of Charlie."

"I don't understand?" Corran Wade said with some disdain, "After all, isn't Charlie just making a small name in Aurous Hill? Indeed, I heard that he also knew a few people outside, but after all, he still couldn't make it. What kind of table, you think he was doing well in Aurous Hill. He really didn't have much chance when he came to Eastcliff. If Aurous Hill is a river, then Eastcliff is the sea. When he arrives here, he may not be able to adapt at all."

"Yeah, grandpa." Corran Wade's son, Charlie's cousin, Jon Wade, also said at this time: "Grandpa, I know you want Charlie to return to the Wade Family, and you have high hopes for Charlie, but let me say something. To be honest, in Eastcliff's circle, there really isn't much room for Charlie's development."

As he said, he continued his analysis with a serious look: "Take the circle I usually play in. Who is not one of you who has studied abroad for many years and has a wide knowledge? In Australia, in terms of academic qualifications, the master's degree is just an introduction. Many of them are PhDs in economics and management. But Charlie only read a year of university and didn't even have a college diploma. How did he get into these circles when he came to Eastcliff?"

Jon Wade's cousin, who is also Charlie's cousin Brenden, also agreed at this time: "Yes, grandpa, although Charlie is the Wade Family, in the final analysis, he is only related to the Wade Family in blood. Others, Basically they don't fit in!"

"I'm going to be more blunt. In front of the Wade Family, he is a down-to-earth crowd. I don't think you should have too much hope for him, because the greater the hope, the greater the disappointment!"
