

The Amazing Son In Law (Charlie Wade)

Chapter 3536)

Lord Wade looked at the excited people in front of him and shook his head gently.

He knew that these people lacked understanding of Charlie, and at the same time he was worried that after Charlie came back, they would divide up their vested interests, so he said such words and wanted to confuse his own audition.

However, how could an old fox like him be affected by these people?

Only two people in the Wade Family knew about Charlie's true ability.

Among them, Cynthia Wade knows some, and Lord Wade knows more.

After Cynthia Wade was beaten up by Elaine in Aurous Hill last time, and was kidnapped by Christopher Wilson and Harold Wilson and his sons, Charlie was in front of her and talked about some of his own affairs.

Including healed the dying Orrin Sun, killed the eight kings, and even helped the Ito family have the last laugh in the chaos in Japan.

In addition to knowing this, Lord Wade also knew that Charlie could go deep into Syria alone, rescue a woman from the opposition base, and with his own strength, he could catch Zayne and throw it away to Syria.

Lord Wade even knew that Charlie went to Syria again two days ago, and brought Zayne back amidst the turmoil.

Moreover, it has been reported in the past few days that an organization called Wanlongdian suffered a big defeat in Syria. Lord Wade vaguely felt that this matter might also have something to do with Charlie.

Compared with Zhao Yun, who had seven entries and seven exits from Changbanpo, Charlie's skill was even worse.

However, he has never mentioned these things to other people in the family.

The reason he didn't mention it was because he hadn't figured out Charlie's preferences yet.

If Charlie is so happy and wants to save face, then tell his family in advance about his deeds. The family will be in awe and flattering him at that time. This is naturally a joy for everyone.

But Charlie is the only person who acts extremely low-key.

If Charlie's things were made known to the Wade Family, if Charlie had a grudge against it, it would make him feel repellent towards Wade Family.

As for Cynthia Wade, although she clearly knew a lot, the reason she didn't tell the other brothers and sisters was because deep down in her heart, she was completely deliberately trying to make the rest of the Wade Family despise Charlie.

Cynthia Wade hasn't divorced her husband yet, and her husband's family is still in trouble, so what she wants most now is to get a share of the Wade Family's assets.

The more this happened, the more she wished to see the brothers in the family and their children fighting each other.

If they let this group of people know Charlie's abilities and fear Charlie, how could they fight Charlie?

If everyone didn't fight, why would she, a daughter who had been married a long time ago, get a share of the Wade Family?

At this moment, Lord Wade was fed up with the slander of these people, and said coldly: "Okay, I will not hear what you said just now. From now on, if anyone is in front of me or in front of Charlie, I will say it again. These nonsense, don't blame me for being rude to him!"

Seeing that the old man was still unmoved, Jon Wade couldn't help but speak: "Grandpa, I know how much you owe Charlie in your heart, but let me tell you the truth, you can't be too accustomed to Charlie!"

After speaking, Jon Wade hurriedly added: "He has not been in the Wade Family for so many years. Not only did he not go to school, he also lacked basic rules and education. Last time his aunt kindly went to Aurous Hill to help him solve the marriage problem, but he was What's wrong with my aunt? He put his aunt under house arrest in the shanty town of Aurous Hill for the Chinese New Year. Does he still see the dignity and inferiority in his eyes? If you want him to return to Wade's house, you must set rules for him!"

After that, he looked at Cynthia Wade and deliberately said, "Auntie, Charlie is so rude to you, and he doesn't treat you as a senior at all. Do you think you should set the rules for him?"

When Cynthia Wade heard this, he hurriedly waved his hand and said, " , don't say that. The last time I went to Aurous Hill , I was the one who made the mistake first. No wonder Charlie for that matter. I also blame myself for not being considerate..."

Jon Wade's eyes were about to fall to the ground.

He looked at Cynthia Wade with a look of fear, and slandered in his heart: "Is this the f*cking my aunt who is arrogant and domineering to the whole of Eastcliff? Everyone in Eastcliff does not know it? She used to be desperate with each other without a hair. But after suffering such a big loss as Charlie, why doesn't she have any thoughts of revenge?"
