

The Amazing Son In Law (Charlie Wade)

Chapter 3540)

Hearing that Jon Wade was about to take herself to the airport suddenly, Helena looked at Jon Wade with some suspicion, and asked in surprise: "Go to the airport now? What's the matter?"

Jon Wade explained: "That's it. I have a cousin who has been living and wandering for 20 years. It is the first time to return to Eastcliff today. Brother and I are going to pick him up at the airport. You are his future sister-in-law, if nothing happens. If you are a child, come with me to pick him up."

When Helena heard this, she nodded without hesitation, and said, "No problem, it should be."

Lord Wade nodded in relief and said, "Okay, in that case, the three of you will go there together."

After speaking, he instructed Stephen Thompson: "Stephen , hurry up to prepare the team."

"Okay master!" Stephen Thompson agreed, and hurriedly left the villa first, and began to convene the convoy to prepare for departure.

Jon Wade said to Lord Wade, "Grandpa, then we should go out and wait."

"Okay!" Lord Wade nodded, and exhorted: "Remember, you must take Charlie back!"

Jon Wade said hurriedly: "Good grandpa, I see."

After finishing speaking, he winked at Brenden wade, and said to Helena: "My dear, let's go."

Helena said apologetically: "I'm sorry, I didn't know that I was going to public before, so the makeup is a bit random. If we go to the airport like this, it doesn't meet the family's makeup requirements for us in public. I may have to borrow the bathroom. Put on makeup, please wait a few minutes for me."

Jon Wade nodded very gentlemanly and said: "No problem, we are waiting for you at the door, there is still plenty of time, you don't need to worry."

Helena nodded lightly, and went to the nearest bathroom by herself.

Brenden wade lowered his voice at this time, and asked Jon Wade in surprise: " jon, is there so much attention to the Nordic royal family? There are special makeup requirements for public places?"

Jon Wade chuckled and said: "The rules of the European royal family are more than that in our Qing Dynasty palace. Each set of their clothes and accessories has a label made by the royal instrument teacher. What clothes correspond to what occasions, and what necklaces correspond to what environment. Anyone who is cumbersome can publish a book. Anyone who doesn't follow the rules and gets caught will be punished in the royal family."

Brenden wade couldn't help sighing: "This royal family is different. Only after hundreds of years of aristocratic education can there be so much exquisiteness."

Jon Wade curled his lips and said with a little disdain: "Those imperial families of small and small countries have changed their lives to a constitutional monarchy since modern times. As Eastcliff said, it's just f*cking hypocritical!"

Brenden Wade smiled, and said in agreement: "Jon is right, it's really hypocritical!"

Jon Wade hurriedly added another sentence: "Hey, I'm talking about the customization of their royal family, but I didn't mention your sister-in-law!"

Brenden Wade hurriedly said: "That's that. I'm talking about their old and corrupt gang. It has nothing to do with sister-in-law."

Jon Wade nodded, and walked out of the villa while chatting with Brenden Wade, standing in front of the yard and waiting for the convoy to gather.

The thought of picking up Charlie at the airport made Jon Wade feel very upset, biting his molars and cursing: "This Charlie is really damn majestic. I haven't come back for 20 years, so I will let pick him up personally. , What a f*cking shit! You deserve me to pick it up too?"
