

The Amazing Son In Law (Charlie Wade)

Chapter 3559)

Thinking of this, Helena seemed to have caught the only life-saving straw, and she thought to herself: "I will see him at Wade's house tomorrow. I must find a way to ask him privately if he can save me."

At this time, Charlie was still in Sun's family, and he was changing the cup with Orrin Sun.

The two of you are happy to drink, even if the dishes on the table are all finished, they are not willing to leave the table, you and I have a drink while chatting, the atmosphere is very happy.

Angie couldn't help but was reluctant to sit at the dinner table and drink, so she could only arrange for someone to go to the hotel and take a table of food.

Orrin Sun was in a very good mood. After he drank too much, he patted Charlie on the shoulder and said seriously: "Charlie, uncle is so happy today! I am in such a good mood for two reasons! Do you know which two it is??"

Charlie smiled and said, "I'm visiting, is that one?"

Orrin Sun laughed and said: "Of course! You can come, it is my happiest thing!"

As he said, he asked again: "The second reason, do you know?"

Charlie couldn't help shook his head, and asked him: "Uncle Sun, you might as well just say it."

Orrin Sun said earnestly: "The second reason is that you are going back to the Wade Family to participate in the ancestor worship ceremony! With your ability, I believe you are absolutely qualified to be the future heir of the Wade Family. As long as your grandfather hasn't become an old fool, He will definitely hand over the Wade Family to you!

Only you are qualified to inherit your father's legacy and carry the Wade Family forward!"

Charlie was silent for a moment, and then said: "Uncle , to tell you, I am actually not interested in inheriting the Wade Family."

Orrin Sun asked with a surprised look: "Why?"

Charlie smiled bitterly and said: "When my father took me away from Eastcliff, he had a lot of complaints against the Wade Family. I was young and didn't know much about many things, but I knew that my father was very good to the Wade Family. Disappointed, so I don't have a good impression of the Wade Family either."

Orrin Sun sighed and said seriously: "Your father is very disappointed with the Wade Family because Wade Family and him are not at the same level. What your father wants to do is to revitalize the Wade Family and let the Wade Family stand in the world. However, what the Wade Family worries about is that your father's development strategy is too aggressive. If it fails, the entire Wade Family will suffer huge losses."

Speaking of this, Orrin Sun said with emotion: "It's like a group of people planning to climb Mount Everest. Your dad's goal is to point to the summit. Other people, because they are afraid of dying on it, will only be halfway through the climb. They think about it. They will not only go down, but also take away all the supplies and supplies. They completely cut off your father's hope of continuing to reach the top. Naturally, your father is disappointed, resentful and disgusted."

At this time, Orrin Sun held up the wine glass, drank the spirits in the glass, and said with red eyes, "Before your father decided to leave Eastcliff, we also sat together and drank all day, just like today. Our mood is completely opposite to what we are now..."

After speaking, Orrin Sun looked at Charlie and said seriously: "Charlie, when your father left Eastcliff, he was full of unwillingness. I believe he was still unwilling in his heart at the last moment when the accident happened. You must inherit your father's will. , Even if you are just fighting for him, you must become the master of the Wade Family!"
