

# The Amazing Son In Law ( Charlie Wade )

## Chapter 3563 )

At this moment, she suddenly received a call from her mother from Northern Europe. As soon as the call was connected, her mother said on the other end of the phone: "Helena, the royal family has just notified that your grandma is now suffering from multiple organ failure. I am in a severe coma and may die at any time..."

Helena was shocked: "Why did it worsen so quickly?!"

"I don't know." Helena's mother said: "I only heard that the situation has deteriorated drastically and is out of control. The doctor said that it is impossible for her to wake up. When will she pass away is only a matter of time. If it is fast, it will take up to two or three days. , If it's slow, it won't take more than a week."

Helena couldn't help feeling sad and disappointed.

Although she was sometimes dissatisfied with her grandma's tough wrists, in many cases, she could still understand all the decisions made by the tough old lady.

Among them, she also abolished her succession to the throne.

Although grandma has been in power for so many years, she has always done her best to serve the royal family, wholeheartedly hoping that the royal family will continue to grow stronger.

Therefore, every decision she made was not based on her own interests, but focused on the overall situation of the royal family.

In this regard, Helena still admires her very much.

Now, grandma is going to die soon, but she is still in China, thousands of miles away, which makes her feel sad.

At this time, Helena's mother said again: "If your grandma dies in the past few days, I'm afraid your engagement banquet will be postponed. According to royal rules, you must come back to attend your grandma's funeral first. Then I will finish Olivia's coronation ceremony, and then go to Huaxia and Jon Wade to hold an engagement banquet."

"Understood." Helena said with a very understanding: "As a member of the royal family, the funeral of the queen and the coronation of the new emperor are naturally the two most important things."

With that, Helena couldn't help asking: "Mom, can I go back to see her for the last time while grandma has not passed away? The engagement party must be postponed. It doesn't make sense for me to stay here. , Then there will be no chance."

Helena's mother sighed and said: "We can't sit down on this matter. You have to ask Olivia what it means. Although she has not been officially crowned, she has taken over the affairs of the royal family. , If you want to come back to see your grandma for the last time, ask Olivia for advice first. If she nods, it will be fine."

“Okay!” Helena said hurriedly: “Then I will call Olivia.”

After Helena bid farewell to her mother, she immediately called her cousin, Olivia, who is also the next queen to be crowned.

The phone rang for a long time, but there was no connection there. Just when Helena was about to hang up and call it later, the phone was connected.

Immediately, a woman’s slightly smiling voice rang on the other end of the phone: “Helena, how have you been in China recently, my sister.”

Helena hurriedly said: “Olivia, I heard that grandma is critically ill?”

The other side smiled and said: “Yes, sister, multiple organ failure, the doctor has prepared us to lose her mentally at any time.”

Helena felt that Olivia’s chuckle was a bit harsh, but she didn’t care about it at this time. She hurriedly asked her: “Olivia, if grandma is in such a bad situation, then she might not be able to wait for my engagement. Passed away in one day...”

“At that time, I will definitely have to go back to the funeral. The engagement must be postponed, so I want to explain the situation to the Wade Family first, postpone the engagement temporarily, and go back to see grandma for the last time, okay?”

There was a moment of silence on the other end of the phone, and then the other party no longer smiled, and asked in a cold voice: “If I remember correctly, you will be engaged on the 7th, right?”

“Yes.” Helena blurted out: “There are three more days! I am worried that grandma will not be able to survive these three days. In that case, I will not see her for the last time.”

The other party sneered: “Helena, grandma is now in a severe coma and won’t wake up again. Even if you come back, she won’t recognize you. I don’t think you have to toss about it! Whether she is dead or alive within three days, Your engagement with the Wade Family will be held as scheduled, no changes are allowed!”
