## Chapter 3577 )

Then, she continued: "Next, I will try to restore the Wade Family's trust in me and continue to promote the marriage with the Wade Family, but if Olivia intervenes at this time, it is likely to have a negative impact."

"Moreover, I believe that she asked you two to follow me not only to monitor me, but also to treat me immediately if I suddenly became ill, so as not to be seen by the Wade Family, so if she knows about it, I will definitely blame you for not covering up for me, and when the blame comes down, you will also have to bear the responsibility."

"So, why don't the three of us assume that this incident hasn't happened, so that the two of you don't have to take responsibility. I can also have a chance to fight again. What do you think?"

The two girls exchanged glances, and the Chinese girl said, "Princess Helena, we didn't even bother to talk to Princess Olivia just now. We will delete the video on the phone in a while, just as if nothing happened.!"

"Okay!" Helena breathed a sigh of relief and nodded: "Time is running out. Come and help me make up."

...

At this moment, Charlie had already put on his shirt and suit, and with the help of Stefanie Sun, tied his tie, and after the whole was packed, he sat in the living room of the sun's villa, waiting for Stephen Thompson's arrival.

The size of the suit Angie prepared for him was just right, as if it were tailor-made.

The material, version, and style of suits are all top-notch.

For a suit of this texture, except for hand-made by top masters, no matter how good the brand is, it is impossible to achieve such an effect.

And the temperament of Charlie's whole person has also been improved even after putting on such a suit.

Even Orrin Sun looked at it and couldn't help sighing, "Charlie, this suit is a perfect match for you!"

Not only is he tall, handsome, and heroic, but he also has the temperament of a successful gentleman.

Charlie smiled and said: "The main reason is that the size fits the body well, just like a tailor-made one."

Stefanie Sun on the side hurriedly said: "You don't know, people who look for this master to customize suits all have to fly to London to let the master measure the scale himself. In order to determine the size for you, my mother and I specially selected a set of figure and you. For similar dummy models, we both rely on memory and adjust the size a little bit. Fortunately, that's right."

Charlie hurriedly said, "Thank you for your daughter and Auntie . I usually have a rough life. If you didn't think about it, I didn't have this string at all."

Angie smiled slightly and said seriously: "When you return to the Wade Family this time, you must not let anyone underestimate you. You must let them know that you are Bruce's son, and you are born in blue!"

Charlie nodded solemnly and said, "I know Aunt Angie!"

Stefanie Sun next to him said softly: " Charlie, Dad has prepared the team for you. I will send you to Wade's house in a moment!"

Charlie asked in astonishment: "Why are you still preparing a team? Didn't Stephen say to come and pick me up?"

Angie smiled and said, "You said Uncle Orren. You are the grandson of the Wade Family and the only son of the famous Bruce. When you return to the Wade Family, you must be beautiful! Therefore, our Sun family must also give you the icing on the cake. I must help you support the countertop!"

Orrin Sun immediately nodded and smiled: "Yes! Your return to the Wade Family this time is of great significance. I am afraid that the others in the Wade Family will deliberately use your 20 years of wandering in Aurous Hill to humiliate you, so it must be where you arrived at Wade Family. In a moment, let them know that you are not just the grandson of the Wade Family, but also the future son-in-law of my Sun family. Whoever dares to humiliate you for half a word must first weigh enough to qualify!"

Charlie didn't know what to say for a while.

He naturally understood Orrin Sun's kindness, but he was somewhat ashamed.

At this time, the subordinates of the Sun family came to announce: "Master, madam, the housekeeper Stephen of the Wade Family is here!"

Hearing that Stephen Thompson was coming, Orrin Sun immediately said, "You are all sitting down, I will pick up the Stephen!"
